THE HOLY CROSS COLLEGE BULLETIN IS PUBLISHED FOUR TIMES A YEAR, IN MARCH, JULY, OCTOBER AND DECEMBER.

THE PUBLISHERS ARE THE TRUSTEES OF THE COLLEGE OF THE HOLY CROSS.

THE PLACE OF PUBLICATION IS HOLY CROSS COLLEGE, WORCESTER, MASS.

THE PUBLICATION WAS ENTERED AS SECOND CLASS MAIL MATTER ON DECEMBER 4, 1903, AT WORCESTER, MASS., UNDER ACT OF CONGRESS OF JULY 16, 1894.

ALUMNI HALL.

Holy Cross College Bulletin.

VOL. VI. WORCESTER, MASS., MARCH, 1906. No. 1

Every alumnus of the College is urgently requested to examine closely the revised Directory of Alumni, which appears in this number of the *Bulletin*, and inform the College officials of any corrections which he may know to be necessary. If each man will closely scrutinize at least the names of those of his own year, he may be able to fill some of the few blanks still remaining or give information of a change in some addresses.

The Advisory Committee on "Alumni Hall" issued the following circular early in January:

HOLY CROSS COLLEGE,
Worcester, Mass., January 12, 1906.

ALUMNI HALL is now completed and occupied. It cost $126,600. The comfortable living it affords its 168 occupants and the elegant appearance it gives to the grounds are matter of favorable comment by everybody. The alumni, therefore, have cause for legitimate pride in this achievement of their loyalty to Alma Mater.

It is very gratifying to note that the contributions for 1905, the second year, exceeded those of the first year, 1904. For 1904 they amounted to $4215; for 1905, to $5145.

A total of $9360, therefore, has thus far been contributed.

Why not make 1906 an improvement on the two preceding years?

The enclosed list of contributors is larger by 63 than that of last year and will no doubt be still further lengthened during this year, 1906.

The Advisory Committee has decided that a permanent record of all the contributors be made by having their names written and framed, to be hung in the lower corridor of Alumni Hall. This will

be done in the course of the year. Those, therefore, of the alumni who have not yet sent in their contribution of ten dollars are especially requested to see that their names be not missed on that record. The annual contribution respectfully solicited by the Advisory Committee from every alumnus is ten dollars.

Very sincerely yours,

THE ADVISORY COMMITTEE.

N. B. The receipt of every contribution is immediately acknowledged. Should there be any who after sending a contribution did not receive an acknowledgment, they are kindly asked to send in a notification at once.

Graduates who will receive this *Bulletin* may know of some "old students" of the College who would like to be assured that they are remembered by the College and by the alumni and that closer relations with them are desired and could be secured if the Alumni Committee or the college officials were kept informed of their occupation and location. A directory of non-graduate students is now in preparation, and information is solicited concerning the present residence and occupation of any who are not now in touch with the College.

When the Advisory Committee issued its report, a year ago, attention was called to this class of old students in the following terms:

"*Realizing that the alumni comprise not only those who have graduated, but all who have studied at Holy Cross, and that the same spirit of loyalty animates both graduate and non-graduate alumni, the Advisory Committee sends this notification to give you an opportunity of becoming interested in this important matter.*

It has often been a matter of concern to the college authorities that the old students who did not graduate are not brought into closer touch with the rest of the alumni. The Alumni Association has never excluded them from its membership. Why cannot they be present at the annual gatherings of the association and on other occasions?

The Advisory Committee will certainly see to it that all who contribute to the Alumni Hall fund will be specially recognized by being put on the list of those who receive invitations for the various alumni gatherings.

Let us hope that Alumni Hall will be the means of cementing a closer friendship between All *Holy Cross students, and between them and the College.*

Sincerely yours,

The Advisory Committee.

In connection with the last circular issued by the Advisory Committee a list of contributors was published, which was intended *for private circulation only.* The permanent record referred to in the circular reprinted above will soon be placed in Alumni Hall. Judging from present prospects, this list does not promise to be as large as was expected. The month of January brought in $410, and the month of February $220. Number of contributors in January, 28; in February, 13. Let those who are awake arouse the sleepers. It is hoped that this number of the *Bulletin* may serve as a reminder to those who have not yet responded to the appeals of the Advisory Committee.

* * *

For the convenience of Class officers and all who may not find the alphabetical list suitable for all purposes, a *chronological* list of *surviving* graduates is added to the Directory this year.

Change in Advisory Committee.

The President *ex-officio* of the Advisory Committee on Alumni Hall has been removed from the college and his place is now filled by the Rev. Thomas E. Murphy, S. J. As the new President has been Prefect of Studies at the college during the past five years and in very close touch with all alumni activities, he is no stranger to us; and there is every hope that this change will cause no relaxation in the interest taken by the alumni in their memorial hall. Fr. Hanselman has been elevated to the post of Provincial and, in that position, with his intimate knowledge of the needs of the college, he will be able to help us even more effectually than he could as Rector.

LOOK FOR YOUR NAME.

Every graduate of the college is urgently requested to examine closely the revised Directory of Alumni and the Decennial Record, which appear in this number of the *Bulletin*, and inform the college officials or the editor of the *Bulletin* of any corrections which he may know to be necessary. If each man will closely scrutinize at least the names of those of his own year, he may be able to fill some of the few blanks still remaining or give information of a change in some addresses. Class Representatives, particularly, are urged to interest themselves in this.

* * *

PLEASE ANSWER.

The secretaries of all the alumni clubs and associations complain of the same neglect which has been noted by those who have been compiling the Alumni Directory and the Decennial Record—"They will not answer communications." We cannot keep in touch with you if you do not inform us of change of address and occupation.

ALUMNI HALL FUND.

The following statement concerning the Alumni Hall Fund was sent to all the graduates and old students in February, 1909.

WORCESTER, MASS., February 1, 1909.

Sons of Holy Cross:—

Presuming that all the graduates of the College take a personal interest in the building which bears their name, "Alumni Hall," and that all desire, as far as possible, to do their share in redeeming the pledge given by the Class Representatives before the building was undertaken, the following statement is respectfully submitted:

Contributions from Alumni in 1904	$ 3,730
Contributions from Alumni in 1905	4,360
Contributions from Alumni in 1906	3,275
Contributions from Alumni in 1907	2,015
Contributions from Alumni in 1908	2,981
Total to date	$16,361
Number of Alumni contributors in 1904	217
Number of Alumni contributors in 1905	243
Number of Alumni contributors in 1906	210
Number of Alumni contributors in 1907	137
Number of Alumni contributors in 1908	160
Number of Alumni living, including Class of 1908	887

It may be noted that this indicates an average of more than ten dollars a year for each contributor. The explanation of this is to be found in the fact that a few contributed larger amounts, some paid in full for ten years and some paid for previous years in order to bring their payments up to date.

It is obvious that there has been a falling off during the last three years, both in the number of contributors and in the annual total of contributions. This seriously diminishes the hope which the College had entertained of being able to pay off ten thousand dollars each year on the new mortgage which increased our debt in 1904.

It may be added that some Old Students, not graduates, about 30, have contributed in the past five years $1975, of which one thousand was given by one person. Some kind friends also, who were never students at the College, contributed, during the years 1904, '5, '6, $1140, making the total from all sources $19,476, or $5524 short of the $25,000 which was expected in these five years. As twenty-seven contributors have paid for ten years, it is hoped that graduates of the last decade will soon be able to replace them and thus keep up if not increase the number of contributors.

"Alumni Hall" therefore appeals to the Alumni and to all friends of the College to hasten the day of the burning of the mortgage which now casts a gloom over its many attractions.

As it is not at all agreeable to appear to be asking for money, and as, on the other hand, many request that they be reminded of what they consider a pleasant duty, it is hoped that all will accept this statement in the spirit in which it is sent and that those who object to receiving further "reminders" will so inform the undersigned.

Yours very respectfully,

T. E. Murphy, S. J.

The receipt of every contribution to the Alumni Hall Fund is immediately acknowledged. Should there be any who, after sending a contribution, do not receive an acknowledgment, they are requested to send in a notification at once.

* * *

Graduates who will receive this *Bulletin* may know of some "old students" (not graduates) who would like to be assured that they are remembered by the college and by the alumni, and that closer relations with them are desired and could be secured if the college officials were kept informed of their occupation and location. A directory of non-graduate students has been contemplated for some time, and information is solicited concerning the present residence and occupation of any who are not now in touch with the college.

* * *

When the Advisory Committee on Alumni Hall issued its report in 1905, attention was called to this class of old students in the following terms:

Realizing that the alumni comprise not only those who have graduated, but all who have studied at Holy Cross, and that the same spirit of loyalty animates both graduate and non-graduate alumni, the Advisory Committee sends this notification to give you an opportunity of becoming interested in this important matter.

It has often been a matter of concern to the college authorities that the old students who did not graduate are not brought into closer touch with the rest of the alumni. The Alumni Association has never excluded them from its membership. Why cannot they be present at the annual gathering of the association and other occasions?

The Advisory Committee will certainly see to it that all who contribute to the Alumni Hall Fund will be specially recognized by being put on the list of those who receive invitations for the various Alumni gatherings.

Let us hope that Alumni Hall will be the means of cementing a closer friendship among ALL *Holy Cross students, and between them and the college.*

* * *

In connection with the circular issued by the Advisory Committee three years ago, a list of contributors was published which was intended *for private circulation only.* The permanent record referred to

in that circular will be placed in Alumni Hall this year and will show the contributors for five years. This list is also printed on the following pages.

It is hoped that this number of the *Bulletin* may serve as a stimulus to those who have not yet responded to "reminders," and that a large number of names may be added to the list before next Commencement.

* * *

For the convenience of class officers and all who may not find the alphabetical list suitable for all purposes, a *chronological* list of *surviving* graduates will be found in this number of the *Bulletin*.

CONTRIBUTORS

TO THE

ALUMNI HALL FUND.

As several graduates have suggested that a list of contributors be published in this BULLETIN and as no objection has been heard except from a few who would prefer that their own contributions be not published, we now publish a complete list of all contributors without specification of the amount contributed:

Vol. XI. WORCESTER, MASS., APRIL, 1911. No. 2.

ONCE A YEAR.

Considering that this alumni number of the *Bulletin* comes to you only *once a year*, do you not think that you can spare a few moments to see what it contains and how much you are interested? Even a cursory glance should induce you at least to keep it near you for frequent future reference. The new "Plan of Organization" is particularly recommended to the reading and careful consideration of every graduate. (See page 5).

LOOK FOR YOUR NAME.

Every graduate of the college is urgently requested to examine closely the revised Directory of Graduates, which appears in this number of the *Bulletin*, and to inform the college officials or the editor of the *Bulletin* of any corrections which may be considered necessary. If each man will closely scrutinize at least the names of those of his own year, he may be able to fill some of the few blanks still remaining or give information of a change in some addresses. Class Representatives, particularly, are urged to interest themselves in this. Secretaries of the various branch associations are also requested to coöperate.

PLEASE ANSWER.

The secretaries of all the alumni clubs and associations complain of the same neglect which has been noted by those who have been compiling the Alumni Directory and the Decennial Record—"Graduates will not answer communications." We cannot keep in touch with you if you do not inform us of change of address and occupation.

ALUMNI HALL FUND.

The following statement concerning the Alumni Hall Fund was sent to all the graduates and old students in January, 1911. It was presumed that even those who had completed their payments would

be interested in the growth of the fund. Since then, up to the time when this *Bulletin* goes to press, about sixty contributors have responded. Lest some may not have received this communication, it is reprinted here:

JANUARY 16, 1911.

SONS OF HOLY CROSS:

Seven years have now elapsed since you made that New Year's resolution, in January, 1904, to show your love and devotion for Alma Mater by contributing five thousand dollars a year, for ten years, towards the cost of erecting "Alumni Hall." While the contributions have in no year reached the proposed amount, I am pleased to be able to report that in 1910 we have surpassed the record of every previous year except 1905. This is partly due to the fact that one of the contributions of the year amounted to one thousand dollars. Even deducting this amount, however, the record surpasses that of each of the three previous years. The number of contributors also exceeds that of the three previous years. This indicates that a number of the younger graduates have begun to contribute to the fund, more than equal to the number who have completed their promised payments. The generous and loyal sentiments expressed by those who are doing their share to swell the fund more than compensates for the apparent lethargy of the large number who have thus far paid no attention to our annual reminder.

The following statement indicates the present condition of what is now known as the Alumni Hall Fund:

Contributions from	217	graduates in	1904,	. .	$3,730
" "	243	" "	1905,	. .	4,360
" "	210	" "	1906,	. .	3,275
" "	137	" "	1907,	. .	2,015
" "	160	" "	1908,	. .	2,961
" "	155	" "	1909,	. .	2,500
" "	163	" "	1910,	. .	4,170
Total to date,				. . . .	$23,011

Number of living graduates, including class of 1910—1002.

About thirty old students, not graduates, have contributed during

these seven years, $2755. Some generous friends who were never students in the college have contributed $1240. Adding these figures to the graduates' total, we have from all sources $27,006. Even this, however, falls short of the $35,000 which we ought to have for these seven years.

As you know from the information given in my Holy Cross Night circular a few months ago, the college is now growing so rapidly that we need another building. The one obstacle to our progress at present is the size of our debt and the lack of funds to remove it.

Alumni Hall, therefore, still appeals to the alumni and to all friends of the college to hasten the day of the burning of the mortgage which still casts a gloom over its many attractions. If you have already done your share for Alumni Hall, then you have just the spirit that will inspire you to discover some generous and wealthy benefactor whose interest you may arouse in our work and our needs.

Cordially and faithfully yours,

T. E. MURPHY, S. J.

* * *

The receipt of every contribution to the Alumni Hall Fund is immediately acknowledged. Should there be any who, after sending a contribution, do not receive an acknowledgment, they are requested to send in a notification at once.

NON-GRADUATE ALUMNI.

Graduates who will receive this *Bulletin* may know of some "old students" (not graduates) who would like to be assured that they are remembered by the College and by the alumni, and that closer relations with them are desired and could be secured if the college offiicials were kept informed of their occupation and location. A directory of non-graduate alumni has been in process of completion for some time, and information is solicited concerning the present residence and occupation of any old students (not graduates) who are not now in touch with the College.

* * *

When the Advisory Committee on Alumni Hall issued its report in 1905, attention was called to this class of old students in the following terms:

Realizing that the alumni comprise not only those who have graduated, but all who have studied at Holy Cross, and that the same spirit of loyalty animates both graduate and non-graduate alumni, the Advisory Committee sends this notification to give you an opportunity of becoming interested in this important matter.

It has often been a matter of concern to the college authorities that the old students who did not graduate are not brought into closer touch with the rest of the alumni. The Alumni Association has never excluded them from its membership. Why cannot they be present at the annual gathering of the association and on other occasions?

The Advisory Committee will certainly see to it that all who contribute to the Alumni Hall Fund will be specially recognized by being put on the list of those who receive invitations for the various Alumni gatherings.

Let us hope that Alumni Hall will be the means of cementing a closer friendship among ALL *Holy Cross students, and between them and the College.*

LIST OF CONTRIBUTORS.

In connection with the circular issued by the Advisory Committee six years ago, a list of contributors was published which was intended *for private circulation only.* The permanent record referred to in that circular has been placed in one of the college corridors and it shows the contributors for seven years. This list is also printed on the last pages of this *Bulletin.*

It is hoped that this number of the *Bulletin* may serve as a stimulus to those who have not yet responded to "reminders," and that a large number of names may be added to the list before next Commencement.

LIST OF SURVIVORS.

For the convenience of class officers and all who may not find the alphabetical list in the Directory suitable for all purposes, a *chronological* list of *surviving* graduates will be found in this number of the *Bulletin* at the end of the Directory.

PLAN OF ORGANIZATION.

What is considered the most important advance movement made by the Alumni Association since its organization, was the submission and adoption of the following Report of the Executive Committee at the last annual meeting, June 22, 1910.

Although a copy of this report was sent to every graduate, there seems to be a general desire to have it reprinted in this number of the *Bulletin.*

REPORT OF EXECUTIVE COMMITTEE OF THE ALUMNI ASSOCIATION, JUNE 22, 1910.

In accordance with a resolution passed at the last annual meeting of this association, referring to the Executive Committee various suggestions for increasing the efficiency of our organization, the following plan of action has been carefully prepared, considered and adopted, and the following steps have been taken to at least initiate its operation.

THE PLAN.

1. An auxiliary committee shall assist the Executive Committee in such ways as the latter shall designate.

2. This auxiliary committee shall consist of eighteen members, selected by the Executive Committee from graduates not holding office in the *general* association and representing the nine branch associations already formed.

3. The joint committee thus constituted shall be divided into three sub-commitees, as follows:

a. On *Entertainment* and *Advertising.*

b. On *Federation*, *Statistics* and *Coöperation with the College* officials.

c. On *New Members* and *New Students.*

NOTE.—It is evident to your committee that the desired increase in efficiency can not be secured without the aid of such an auxiliary committee as is proposed.

This committee should be so constituted as to contain a number of graduates who can be easily reached by those members of the Executive Committee who live in close proximity to the College, and at the same time it should be representative of all the branch associations.

Your Executive Committee now consists, not including the Honorary President, of seven members, namely: the President, two Vice-Presidents, the Secretary-Treasurer, and three additional members.

The joint committee now formed shall therefore consist of twenty-four members.

Each of the three sub-committees into which the joint committee is divided shall consist of eight members, two of whom shall be officers of the general association, one of whom shall act as chairman, and six representatives of branch associations—three holding office and three not holding office in the branch associations represented.

The following are the duties of the sub-committees:

DUTIES OF THE COMMITTEE ON ENTERTAINMENT AND ADVERTISING.

1. Coöperation with the twenty-five year class in arrangements for the annual Alumni Banquet at the College on the night before Commencement.

2. Coöperation with branch associations in arrangement of plans for attendance in a body at the general reunion, or for joint meetings of neighboring clubs.

3. The introduction of members to one another and to the College officials at all reunions, banquets, etc.

4. Provision for the reception of college teams when visiting other cities.

5. Advertising reunions and banquets in the daily papers and providing photographs of speakers and digests of addresses in advance of the occasion.

6. Gathering and collation of information, with the aid of College officials and of the Committee on Statistics, for an up-to-date account of attendance at the banquet, of business transacted, of the condition of the college and of the Alumni Association, in order that accurate information may be furnished to reporters.

NOTE.—The *purpose* of this committee is *closer* and *more cordial relations* and *more intimate acquaintance* with one another and with the College officials, and a *full* and *accurate presentation to the public* of our members, their position and their work.

DUTIES OF THE COMMITTEE ON FEDERATION, STATISTICS AND CO-OPERATION WITH THE COLLEGE.

1. Coöperation with College officials in locating every H. C. man who has passed out from the College and is doing creditable work anywhere.

2. Coöperation with the General Secretary and with local secretaries in keeping track of men who change occupation or address.

3. Compilation of statistics showing the growth of the College and of the Alumni Association; for instance:

a. Comparison of present student roll with that of twenty, thirty or fifty years ago.

b. Comparison of present annual graduates with those of twenty, thirty or fifty years ago.

c. Comparison of occupations of graduates, now and formerly.

d. Compilation of places represented on student roll and places not represented, for coöperation with Committee on New Students.

4. Coöperation with branch associations for purpose of closer federation and mutual aid—obtaining from each a list of graduates seeking positions and of places open to good men; selecting the best man for the available position and combining the influence of members and federated clubs to advance him.

5. Coöperation with College officials in swelling the ALUMNI HALL FUND—securing the names of those who have not yet contributed, ascertaining whether or not they can afford to do their share, and reminding those who can of this obligation which the graduates have willingly assumed. Many of the eight hundred who are not contributing might thus be reached and induced to help us in redeeming our promise.

DUTIES OF COMMITTEE ON NEW MEMBERS AND NEW STUDENTS.

1. Obtaining from the College, each year, the names and addresses of new graduates, their plans for post-graduate occupation, etc.

2. Invitation of new graduates to join in alumni gatherings, general and local.

3. Notification to branch associations of new graduates in their vicinity, recommending that they be invited to membership of local clubs without charge the first year.

4. Closely following graduates during their first years, as they pass from professional schools to professions, frequently change address, and stand most in need of the helping hand of older graduates.

5. Coöperation with Committee on Federation for the placing or advancement of new members—in business, teaching, law, medicine, etc.

6. Collection of information about Catholic young men in various high schools—especially schools *not* represented on the college roll of students. Furnishing names and addresses to College Registrar, that he may furnish such students with *Bulletins*, etc. Enlisting the interest of local organizations for coöperation in securing new students.

7. Enlisting the interest of wealthy Catholics in the foundation of full or partial scholarships, in order that deserving and capable students may be able to take advantage of the education offered by the college.

8. Considering ways and means of providing at least some assistance for the large number of Catholic young men who can not afford to pay college expenses and may obtain such assistance at non-Catholic institutions.

EXECUTION OF PLAN.

The execution of the newly adopted Plan of Organization has been entrusted to the following committees:

COMMITTEE ON ENTERTAINMENT AND ADVERTISING.

Dr. Michael F. Fallon, '84, Chairman, representing the General Association.

Rev. Jeremiah J. Curtin, '79, representing Connecticut Association.

REUNIONS.

Reunions have been held during the past year by the local associations in Worcester, New York, Boston and Waterbury.

The general association will meet, as usual, at the college on Wednesday, June 21, 1911, the day before Commencement.

Reunions will be held on that day by the classes of '86, '01 and '06.

There will be a memorial Mass on the morning of Commencement day at 9 o'clock for deceased alumni.

There will be a ball game at the college on the day of the general alumni reunion, June 21, 1911.

The officers for this year in the general and local associations will be found on the following pages.

ONCE A YEAR.

Considering that this alumni number of the *Bulletin* comes to you only *once a year,* do you not think that you can spare a few moments to see what it contains and how much you are interested? Even a cursory glance should induce you at least to keep it near you for frequent future reference. The new "Plan of Organization" is particularly recommended to the reading and careful consideration of every graduate. (See page 6).

LOOK FOR YOUR NAME.

Every graduate of the college is urgently requested to examine closely the revised Directory of Graduates, which appears in this number of the *Bulletin,* and to inform the college officials or the editor of the *Bulletin* of any corrections which may be considered necessary. If each man will closely scrutinize at least the names of those of his own year, he may be able to fill some of the few blanks still remaining or give information of a change in some addresses. Class Representatives, particularly, are urged to interest themselves in this. Secretaries of the various branch associations are also requested to coöperate.

PLEASE ANSWER.

The secretaries of all the alumni clubs and associations complain of the same neglect which has been noted by those who have been compiling the Alumni Directory and the Decennial Record—"Graduates will not answer communications." We cannot keep in touch with you if you do not inform us of change of address and occupation.

ALUMNI HALL FUND.

The following statement concerning the Alumni Hall Fund was sent to all the graduates and old students Easter, 1912. It was presumed that even those who had completed their payments would be interested in the growth of the fund. Lest some may not have received this communication, it is reprinted here:

To the Alumni of Holy Cross:

The enclosed statement of contributions to the Alumni Hall Fund, from 1904 to January 1st, 1912, tabulated according to years of Class graduation, will serve to give the information that has been very frequently sought by many interested in the Fund.

With the view, therefore, of showing the record of donations from each Class per year, and in the total, together with the full amount thus far contributed by all the Classes, the present statement is submitted to your kind attention.

These figures clearly and unmistakably testify that there has been a remarkable manifestation of sincere and constant interest on the part of many of the Alumni in reducing the debt on Alumni Hall. The present occasion seems a very suitable opportunity of giving expression to the deep sense of gratitude that Alma Mater feels towards all those who have so willingly come to her assistance, and she desires to tender her warmest thanks to those whose remembrance of her needs found its outward manifestation in so helpful a way.

May we trust that all the Alumni will enter into the spirit of generosity so recently manifested towards Holy Cross by her distinguished Alumnus, Right Reverend Thomas D. Beaven, D.D., Bishop of Springfield, and the priests of his diocese. May we further cherish the hope that by their contributions to the Fund and to her many other very urgent interests the Holy Cross Alumni will place their Alma Mater in the position to take advantage of the great opportunities the present times are bringing to her doors—of occupying a place of enviable distinction in the College world and of extending the scope of her influence over the lives of men.

Yours sincerely in Christ,

Easter, 1912. J. N. DINAND, S. J.

The receipt of every contribution to the Alumni Hall Fund is immediately acknowledged. Should there be any who, after sending a contribution, do not receive an acknowledgment, they are requested to send in a notification at once.

NON-GRADUATE ALUMNI.

Graduates who will receive this *Bulletin* may know of some "old students" (not graduates) who would like to be assured that they are remembered by the College and by the alumni, and that closer relations with them are desired and could be secured if the college officials were kept informed of their occupation and location. A directory of non-graduate alumni has been in process of completion for some time, and information is solicited concerning the present residence and occupation of any old students (not graduates) who are not now in touch with the College.

* * *

When the Advisory Committee on Alumni Hall issued its report in 1905, attention was called to this class of old students in the following terms:

Realizing that the alumni comprise not only those who have graduated, but all who have studied at Holy Cross, and that the same spirit of loyalty animates both graduate and non-graduate alumni, the Advisory Committee sends this notification to give you an opportunity of becoming interested in this important matter.

It has often been a matter of concern to the College authorities that the old students who did not graduate are not brought into closer touch with the rest of the alumni. The Alumni Association has never excluded them from its membership. Why cannot they be present at the annual gathering of the association and on other occasions?

The Advisory Committee will certainly see to it that all who contribute to the Alumni Hall Fund will be specially recognized by being put on the list of those who receive invitations for the various Alumni gatherings.

Let us hope that Alumni Hall will be the means of cementing a closer friendship among ALL *Holy Cross students, and between them and the College.*

LIST OF CONTRIBUTORS.

In connection with the circular issued by the Advisory Committee seven years ago, a list of contributors was published which was intended *for private circulation only.* The permanent record referred to in that circular has been placed in one of the College corridors and it shows the contributors for eight years. This list is also printed on the last pages of this *Bulletin.*

It is hoped that this number of the *Bulletin* may serve as a stimulus to those who have not yet responded to "reminders," and that a large number of names may be added to the list before next Commencement.

LIST OF SURVIVORS.

For the convenience of class officers and all who may not find the alphabetical list in the Directory suitable for all purposes, a *chronological* list of *surviving* graduates will be found in this number of the *Bulletin* at the end of the Directory.

PLAN OF ORGANIZATION.

What is considered the most important advance movement made by the Alumni Association since its organization, was the submission and adoption of the following Report of the Executive Committee at the annual meeting, June 22, 1910.

Although a copy of this report was sent to every graduate, there seems to be a general desire to have it reprinted in this number of the *Bulletin.*

REPORT OF EXECUTIVE COMMITTEE OF THE ALUMNI ASSOCIATION, JUNE 22, 1910.

In accordance with a resolution passed at the last annual meeting of this association, referring to the Executive Committee various suggestions for increasing the efficiency of our organization, the following plan of action has been carefully prepared, considered and adopted, and the following steps have been taken to at least initiate its operation:

THE PLAN.

1. An auxiliary committee shall assist the Executive Committee in such ways as the latter shall designate.

2. This auxiliary committee shall consist of eighteen members, selected by the Executive Committee from graduates not holding office in the *general* association and representing the nine branch associations already formed.

3. The joint committee thus constituted shall be divided into three sub-committees, as follows:

a. On *Entertainment* and *Advertising.*

b. On *Federation, Statistics* and *coöperation with the College* officials.

c. On *New Members* and *New Students.*

NOTE.—It is evident to your committee that the desired increase in efficiency can not be secured without the aid of such an auxiliary committee as is proposed.

This committee should be so constituted as to contain a number of graduates who can be easily reached by those members of the Executive Committee who live in close proximity to the College, and at the same time it should be representative of all the branch associations.

Your Executive Committee now consists, not including the Honorary President, of seven members, namely: the President, two Vice-Presidents, the Secretary-Treasurer, and three additional members.

The joint committee now formed shall therefore consist of twenty-four members.

Each of the three sub-committees into which the joint committee is divided shall consist of eight members, two of whom shall be officers of the general association, one of whom shall act as chairman, and six representatives of branch associations—three holding office and three not holding office in the branch associations represented

The following are the duties of the sub-committees:

DUTIES OF THE COMMITTEE ON ENTERTAINMENT AND ADVERTISING.

1. Coöperation with the twenty-five year class in arrangements for the annual Alumni Banquet at the College on the night before Commencement.

2. Coöperation with branch associations in arrangement of plans for attendance in a body at the general reunion, or for joint meetings of neighboring clubs.

3. The introduction of members to one another and to the College officials at all reunions, banquets, etc.

4. Provision for the reception of College teams when visiting other cities.

5. Advertising reunions and banquets in the daily papers and providing photographs of speakers and digests of addresses in advance of the occasion.

6. Gathering and collation of information, with the aid of College officials and of the Committee on Statistics, for an up-to-date account of attendance at the banquet, of business transacted, of the condition of the college and of the Alumni Association, in order that accurate information may be furnished to reporters.

NOTE.—The *purpose* of this committee is *closer* and *more cordial relations* and *more intimate acquaintance* with one another and with the College officials, and a *full* and *accurate presentation to the public* of our members, their position and their work.

DUTIES OF THE COMMITTEE ON FEDERATION, STATISTICS AND COÖPERATION WITH THE COLLEGE.

1. Coöperation with College officials in locating every Holy Cross man who has passed out from the College and is doing creditable work anywhere.

2. Coöperation with the General Secretary and with local secretaries in keeping track of men who change occupation or address.

3. Compilation of statistics showing the growth of the College and of the Alumni Association; for instance:

a. Comparison of present student roll with that of twenty, thirty or fifty years ago.

b. Comparison of present annual graduates with those of twenty, thirty or fifty years ago.

c. Comparison of occupations of graduates, now and formerly.

d. Compilation of places represented on student roll and places not represented, for coöperation with Committee on New Students.

4. Coöperation with branch associations for purpose of closer federation and mutual aid—obtaining from each a list of graduates seeking positions and of places open to good men; selecting the best man for the available position and combining the influence of members and federated clubs to advance him.

5. Coöperation with College officials in swelling the ALUMNI HALL FUND—securing the names of those who have not yet contributed, ascertaining whether or not they can afford to do their share, and reminding those who can of this obligation which the graduates have willingly assumed. Many of the eight hundred who are not contributing might thus be reached and induced to help us in redeeming our promise.

DUTIES OF COMMITTEE ON NEW MEMBERS AND NEW STUDENTS.

1. Obtaining from the College, each year, the names and addresses of new graduates, their plans for post-graduate occupation, etc.

2. Invitation of new graduates to join in alumni gatherings, general and local.

3. Notification to branch associations of new graduates in their vicinity, recommending that they be invited to membership of local clubs without charge the first year.

4. Closely following graduates during their first years, as they pass from professional schools to professions, frequently change address, and stand most in need of the helping hand of older graduates.

5. Coöperation with Committee on Federation for the placing or advancement of new members—in business, teaching, law, medicine, etc.

6. Collection of information about Catholic young men in various high schools—especially schools *not* represented on the college roll of students. Furnishing names and addresses to College Registrar, that he may furnish such students with *Bulletins,* etc. Enlisting the interest of local organizations for coöperation in securing new students.

7. Enlisting the interest of wealthy Catholics in the foundation of full or partial scholarships, in order that deserving and capable students may be able to take advantage of the education offered by the college.

8. Considering ways and means of providing at least some assistance for the large number of Catholic young men who can not afford to pay college expenses and may obtain such assistance at non-Catholic institutions.

Holy Cross College Bulletin.

Vol. XIII. WORCESTER, MASS., APRIL, 1913. No. 2

ONCE A YEAR.

Considering that this alumni number of the *Bulletin* comes to you only *once a year,* do you not think that you can spare a few moments to see what it contains and how much you are interested? Even a cursory glance should induce you at least to keep it near you for frequent future reference. The new "Plan of Organization" is particularly recommended to the reading and careful consideration of every graduate. (See page 6).

LOOK FOR YOUR NAME.

Every graduate of the college is urgently requested to examine closely the revised Directory of Graduates, which appears in this number of the *Bulletin,* and to inform the college officials or the editor of the *Bulletin* of any corrections which may be considered necessary. If each man will closely scrutinize at least the names of those of his own year, he may be able to fill some of the few blanks still remaining or give information of a change in some addresses. Class Representatives, particularly, are urged to interest themselves in this. Secretaries of the various branch associations are also requested to coöperate.

PLEASE ANSWER.

The secretaries of all the alumni clubs and associations complain of the same neglect which has been noted by those who have been compiling the Alumni Directory and the Decennial Record—"Graduates will not answer communications." We cannot keep in touch with you if you do not inform us of change of address and occupation.

ALUMNI HALL FUND.

The following statement of contributions from graduates to

the Alumni Hall Fund, from 1904 to January 1, 1913, tabulated according to years of Class graduation, will serve to give the information that has been very frequently sought by many interested in the fund.

With the view, therefore, of showing the record of donations from each Class per year, and in the total, together with the full amount contributed thus far by all the Classes, the present statement is submitted to your kind attention.

These figures clearly and unmistakably testify that there has been a remarkable manifestation of sincere and constant interest on the part of many of the Alumni in reducing the debt on Alumni Hall.

The present occasion seems a very suitable opportunity of giving expression to the deep sense of gratitude that Alma Mater feels towards all those who have so willingly come to her assistance, and she desires to tender her warmest thanks to those whose remembrance of her needs found its outward manifestation in so helpful a way.

But a still very pressing debt remains on Alumni Hall, and we kindly invite a more generous interest on the part of all the Alumni, asking that the contributions be continued until the entire debt has been completely wiped out.

It would certainly be a very acceptable gift to Holy Cross if Alumni Hall could be handed over to her free from debt, at the same time that Beaven Hall is given to her, through the generosity of her distinguished Alumnus, Right Reverend Thomas D. Beaven, D.D., Bishop of Springfield, and the priests of his Diocese.

The receipt of every contribution to the Alumni Hall Fund is immediately acknowledged. Should there be any who, after sending a contribution, do not receive an acknowledgement, they are requested to send in a notification at once.

NON-GRADUATE ALUMNI.

Graduates who will receive this *Bulletin* may know of some "old students" (not graduates) who would like to be assured that they are remembered by the College and by the alumni, and that closer relations with them are desired and could be secured if the college officials were kept informed of their occupation and location. A directory of non-graduate alumni has been in process of completion for some time, and information is solicited concerning the present residence and occupation of any old students (not graduates) who are not now in touch with the College.

* * *

When the Advisory Committee on Alumni Hall issued its re-

port in 1905, attention was called to this class of old students in the following terms:

Realizing that the Alumni comprise not only those who have graduated, but all who have studied at Holy Cross, and that the same spirit of loyalty animates both graduate and non-graduate Alumni, the Advisory Committee sends this notification to give you an opportunity of becoming interested in this important matter.

It has often been a matter of concern to the College authorities that the old students who did not graduate are not brought into closer touch with the rest of the Alumni. The Alumni Association has never excluded them from its membership. Why cannot they be present at the annual gathering of the association and on other occasions?

The Advisory Committee will certainly see to it that all who contribute to the Alumni Hall Fund will be specially recognized by being put on the list of those who receive invitations for the various Alumni gatherings.

Let us hope that Alumni Hall will be the means of cementing a closer friendship among ALL *Holy Cross Students, and between them and the College.*

LIST OF CONTRIBUTORS.

In connection with the circular issued by the Advisory Committee some years ago, a list of contributors was published which was intended *for private circulation only.* The permanent record referred to in that circular has been placed in one of the College corridors and it shows the contributors for nine years. This list is also printed on the last pages of this *Bulletin.*

It is hoped that this number of the *Bulletin* may serve as a stimulus to those who have not yet responded to "reminders," and that a large number of names may be added to the list before next Commencement.

LIST OF SURVIVORS.

For the convenience of class officers and all who may not find the alphabetical list in the Directory suitable for all purposes, a *chronological* list of *surviving* graduates will be found in this number of the *Bulletin* at the end of the Directory.

PLAN OF ORGANIZATION.

What is considered the most important advance movement made by the Alumni Association since its organization, was the submission and adoption of the following Report of the Executive Committee at the annual meeting, June 22, 1910.

Although a copy of this report was sent to every graduate, there seems to be a general desire to have it reprinted in this number of the *Bulletin.*

REPORT OF EXECUTIVE COMMITTEE OF THE ALUMNI ASSOCIATION, JUNE 22, 1910.

In accordance with a resolution passed at the last annual meeting of this association, referring to the Executive Committee various suggestions for increasing the efficiency of our organization, the following plan of action has been carefully prepared, considered and adopted, and the following steps have been taken to at least initiate its operation:

THE PLAN.

1. An auxiliary committee shall assist the Executive Committee in such ways as the latter shall designate.

2. This auxiliary committee shall consist of eighteen members, selected by the Executive Committee from graduates not holding office in the *general* association and representing the nine branch associations already formed.

3. The joint committee thus constituted shall be divided into three sub-committees, as follows:

a. On *Entertainment* and *Advertising.*

b. On *Federation, Statistics* and *coöperation with the College* officials.

c. On *New Members* and *New Students.*

NOTE.—It is evident to your committee that the desired increase in efficiency can not be secured without the aid of such an auxiliary committee as is proposed.

This committe should be so constituted as to contain a number of graduates who can be easily reached by those members of the Executive Committee who live in close proximity to the College, and at the same time it should be representative of all the branch associations.

Your Executive Committee now consists, not including the Honorary President, of seven members, namely: the President, two Vice-Presidents, the Secretary-Treasurer, and three additional members.

The joint committee now formed shall therefore consist of twenty-four members.

Each of the three sub-committees into which the joint committee is divided shall consist of eight members, two of whom shall be officers of the general association, one of whom shall act as chairman, and six representatives of branch associations—three holding office and three not holding office in the branch associations represented.

The following are the duties of the sub-committees:

DUTIES OF THE COMMITTEE ON ENTERTAINMENT AND ADVERTISING.

1. Coöperation with the twenty-five year class in arrangements for the annual Alumni Banquet at the College on the night before Commencement.

2. Coöperation with branch associations in arrangement of plans for attendance in a body at the general reunion, or for joint meetings of neighboring clubs.

3. The introduction of members to one another and to the College officials at all reunions, banquets, etc.

4. Provision for the reception of College teams when visiting other cities.

5. Advertising reunions and banquets in the daily papers and providing photographs of speakers and digests of addresses in advance of the occasion.

6. Gathering and collation of information, with the aid of College officials and of the Committee on Statistics, for an up-to-date account of attendance at the banquet, of business transacted, of the condition of the college and of the Alumni Association, in order that accurate information may be furnished to reporters.

NOTE.—The *purpose* of this committee is *closer* and *more cordial relations* and *more intimate acquaintance* with one another and with the College officials, and a *full* and *accurate presentation to the public* of our members, their position and their work.

DUTIES OF THE COMMITTEE ON FEDERATION, STATISTICS AND COÖPERATION WITH THE COLLEGE.

1. Coöperation with College officials in locating every Holy

Cross man who has passed out from the College and is doing creditable work anywhere.

2. Coöperation with the General Secretary and with local secretaries in keeping track of men who change occupation or address.

3. Compilation of statistics showing the growth of the College and of the Alumni Association; for instance:

a. Comparison of present student roll with that of twenty, thirty or fifty years ago.

b. Comparison of present annual graduates with those of twenty, thirty or fifty years ago.

c. Comparison of occupations of graduates, now and formerly.

d. Compilation of places represented on student roll and places not represented, for coöperation with Committee on New Students.

4. Coöperation with branch associations for purpose of closer federation and mutual aid—obtaining from each a list of graduates seeking positions and of places open to good men; selecting the best man for the available position and combining the influence of members and federated clubs to advance him.

5. Coöperation with College officials in swelling the ALUMNI HALL FUND—securing the names of those who have not yet contributed, ascertaining whether or not they can afford to do their share, and reminding those who can of this obligation which the graduates have willingly assumed. Many of the eight hundred who are not contributing might thus be reached and induced to help us in redeeming our promise.

DUTIES OF COMMITTEE ON NEW MEMBERS AND NEW STUDENTS.

1. Obtaining from the College, each year, the names and addresses of new graduates, their plans for post-graduate occupation, etc.

2. Invitation of new graduates to join in Alumni gatherings, general and local.

3. Notification to branch associations of new graduates in their vicinity, recommending that they be invited to membership of local clubs without charge the first year.

4. Closely following graduates during their first years, as they pass from professional schools to professions, frequently change address, and stand most in need of the helping hand of older graduates.

5. Coöperation with Committee on Federation for the placing or advancement of new members—in business, teaching, law, medicine, etc.

6. Collection of information about Catholic young men in various high schools—especially schools *not* represented on the college roll of students. Furnishing names and addresses to College Registrar, that he may furnish such students with *Bulletins,* etc. Enlisting the interest of local organizations for coöperation in securing new students.

7. Enlisting the interest of wealthy Catholics in the foundation of full or partial scholarships, in order that deserving and capable students may be able to take advantage of the education offered by the College.

8. Considering ways and means of providing at least some assistance for the large number of Catholic young men who can not afford to pay college expenses and may obtain such assistance at non-Catholic institutions.

Holy Cross College Bulletin.

Vol. XIV. WORCESTER, MASS., APRIL, 1914. No. 2

ONCE A YEAR.

Considering that this alumni number of the *Bulletin* comes to you only *once a year,* do you not think that you can spare a few moments to see what it contains and how much you are interested? Even a cursory glance should induce you at least to keep it near you for frequent future reference The "Plan of Organization" is particularly recommended to the reading and careful consideration of every graduate. (See page 6).

LOOK FOR YOUR NAME.

Every graduate of the college is urgently requested to examine closely the revised Directory of Graduates, which appears in this number of the *Bulletin,* and to inform the college officials or the editor of the *Bulletin* of any corrections which may be considered necessary. If each man will closely scrutinize at least the names of those of his own year, he may be able to fill some of the few blanks still remaining or give information of a change in some addresses. Class Representatives, particularly, are urged to interest themselves in this. Secretaries of the various branch associations are also requested to coöperate.

PLEASE ANSWER.

The secretaries of all the alumni clubs and associations complain of the same neglect which has been noted by those who have been compiling the Alumni Directory and the Decennial Record—"Graduates will not answer communications." We cannot keep in touch with you if you do not inform us of change of address and occupation.

ALUMNI HALL FUND.

The following statement of contributions from graduates to

the Alumni Hall Fund, from 1904 to January 1, 1914, tabulated according to years of Class graduation, will serve to give the information that has been very frequently sought by many interested in the fund.

With the view, therefore, of showing the record of donations from each Class per year, and in the total, together with the full amount contributed thus far by all the Classes, the present statement is submitted to your kind attention.

These figures clearly and unmistakably testify that there has been a remarkable manifestation of sincere and constant interest on the part of many of the Alumni in reducing the debt on Alumni Hall.

The present occasion seems a very suitable opportunity of giving expression to the deep sense of gratitude that Alma Mater feels towards all those who have so willingly come to her assistance, and she desires to tender her warmest thanks to those whose remembrance of her needs found its outward manifestation in so helpful a way.

But a still very pressing debt remains on Alumni Hall, and we kindly invite a more generous interest on the part of all the Alumni, asking that the contributions be continued until the entire debt has been completely wiped out.

The receipt of every contribution to the Alumni Hall Fund is immediately acknowledged. Should there be any who, after sending a contribution, do not receive an acknowledgement, they are requested to send in a notification at once.

NON-GRADUATE ALUMNI.

Graduates who will receive this *Bulletin* may know of some "old students" (not graduates) who would like to be assured that they are remembered by the College and by the alumni, and that closer relations with them are desired and could be secured if the college officials were kept informed of their occupation and location. A directory of non-graduate alumni has been in process of completion for some time, and information is solicited concerning the present residence and occupation of any old students (not graduates) who are not now in touch with the College.

* * *

When the Advisory Committee on Alumni Hall issued its report in 1905, attention was called to this class of old students in the following terms:

Realizing that the Alumni comprise not only those who have graduated, but all who have studied at Holy Cross, and that the same spirit of loyalty animates both graduate and non-graduate Alumni, the Advisory Committee sends this notification

to give you an opportunity of becoming interested in this important matter.

It has often been a matter of concern to the College authorities that the old students who did not graduate are not brought into closer touch with the rest of the Alumni. The Alumni Association has never excluded them from its membership. Why cannot they be present at the annual gathering of the association and on other occasions?

The Advisory Committee will certainly see to it that all who contribute to the Alumni Hall Fund will be specially recognized by being put on the list of those who receive invitations for the various Alumni gatherings.

Let us hope that Alumni Hall will be the means of cementing a closer friendship among ALL *Holy Cross Students, and between them and the College.*

LIST OF CONTRIBUTORS.

In connection with the circular issued by the Advisory Committee some years ago, a list of contributors was published which was intended *for private circulation only.* The permanent record referred to in that circular has been placed in one of the College corridors and it shows the contributors for ten years. This list is also printed on the last pages of this *Bulletin.*

It is hoped that this number of the *Bulletin* may serve as a stimulus to those who have not yet responded to "reminders," and that a large number of names may be added to the list before next Commencement.

LIST OF SURVIVORS.

For the convenience of class officers and all who may not find the alphabetical list in the Directory suitable for all purposes, a *chronological* list of *surviving* graduates will be found in this number of the *Bulletin* at the end of the Directory.

PLAN OF ORGANIZATION.

What is considered the most important advance movement made by the Alumni Association since its organization, was the submission and adoption of the following Report of the Executive Committee at the annual meeting, June 22, 1910.

Although a copy of this report was sent to every graduate, there seems to be a general desire to have it reprinted in this number of the *Bulletin.*

REPORT OF EXECUTIVE COMMITTEE OF THE ALUMNI ASSOCIATION, JUNE 22, 1910.

In accordance with a resolution passed at the last annual meeting of this association, referring to the Executive Committee various suggestions for increasing the efficiency of our organization, the following plan of action has been carefully prepared, considered and adopted, and the following steps have been taken to at least initiate its operation:

THE PLAN.

1. An auxiliary committee shall assist the Executive Committee in such ways as the latter shall designate.

2. This auxiliary committee shall consist of eighteen members, selected by the Executive Committee from graduates not holding office in the *general* association and representing the nine branch associations already formed.

3. The joint committee thus constituted shall be divided into three sub-committees, as follows:

a. On *Entertainment* and *Advertising.*

b. On *Federation, Statistics* and *coöperation with the College* officials.

c. On *New Members* and *New Students.*

NOTE.—It is evident to your committee that the desired increase in efficiency can not be secured without the aid of such an auxiliary committee as is proposed.

This committe should be so constituted as to contain a number of graduates who can be easily reached by those members of the Executive Committee who live in close proximity to the College, and at the same time it should be representative of all the branch associations.

Your Executive Committee now consists, not including the Honorary President, of seven members, namely: the President, two Vice-Presidents, the Secretary-Treasurer, and three additional members.

The joint committee now formed shall therefore consist of twenty-four members.

Each of the three sub-committees into which the joint committee is divided shall consist of eight members, two of whom shall be officers of the general association, one of whom shall act as chairman, and six representatives of branch associations—three holding office and three not holding office in the branch associations represented.

The following are the duties of the sub-committees:

DUTIES OF THE COMMITTEE ON ENTERTAINMENT AND ADVERTISING.

1. Coöperation with the twenty-five year class in arrangements for the annual Alumni Banquet at the College on the night before Commencement.

2. Coöperation with branch associations in arrangement of plans for attendance in a body at the general reunion, or for joint meetings of neighboring clubs.

3. The introduction of members to one another and to the College officials at all reunions, banquets, etc.

4. Provision for the reception of College teams when visiting other cities.

5. Advertising reunions and banquets in the daily papers and providing photographs of speakers and digests of addresses in advance of the occasion.

6. Gathering and collation of information, with the aid of College officials and of the Committee on Statistics, for an up-to-date account of attendance at the banquet, of business transacted, of the condition of the college and of the Alumni Association, in order that accurate information may be furnished to reporters.

NOTE.—The *purpose* of this committee is *closer* and *more cordial relations* and *more intimate acquaintance* with one another and with the College officials, and a *full* and *accurate presentation to the public* of our members, their position and their work.

DUTIES OF THE COMMITTEE ON FEDERATION, STATISTICS AND COÖPERATION WITH THE COLLEGE.

1. Coöperation with College officials in locating every Holy

Cross man who has passed out from the College and is doing creditable work anywhere.

2. Coöperation with the General Secretary and with local secretaries in keeping track of men who change occupation or address.

3. Compilation of statistics showing the growth of the College and of the Alumni Association; for instance:

a. Comparison of present student roll with that of twenty, thirty or fifty years ago.

b. Comparison of present annual graduates with those of twenty, thirty or fifty years ago.

c. Comparison of occupations of graduates, now and formerly.

d. Compilation of places represented on student roll and places not represented, for coöperation with Committee on New Students.

4. Coöperation with branch associations for purpose of closer federation and mutual aid—obtaining from each a list of graduates seeking positions and of places open to good men; selecting the best man for the available position and combining the influence of members and federated clubs to advance him.

5. Coöperation with College officials in swelling the ALUMNI HALL FUND—securing the names of those who have not yet contributed, ascertaining whether or not they can afford to do their share, and reminding those who can of this obligation which the graduates have willingly assumed. Many of the eight hundred who are not contributing might thus be reached and induced to help us in redeeming our promise.

DUTIES OF COMMITTEE ON NEW MEMBERS AND NEW STUDENTS.

1. Obtaining from the College, each year, the names and addresses of new graduates, their plans for post-graduate occupation, etc.

2. Invitation of new graduates to join in Alumni gatherings, general and local.

3. Notification to branch associations of new graduates in their vicinity, recommending that they be invited to membership of local clubs without charge the first year.

4. Closely following graduates during their first years, as they pass from professional schools to professions, frequently change address, and stand most in need of the helping hand of older graduates.

5. Coöperation with Committee on Federation for the placing or advancement of new members—in business, teaching, law, medicine, etc.

6. Collection of information about Catholic young men in various high schools—especially schools *not* represented on the college roll of students. Furnishing names and addresses to College Registrar, that he may furnish such students with *Bulletins,* etc. Enlisting the interest of local organizations for coöperation in securing new students.

7. Enlisting the interest of wealthy Catholics in the foundation of full or partial scholarships, in order that deserving and capable students may be able to take advantage of the education offered by the College.

8. Considering ways and means of providing at least some assistance for the large number of Catholic young men who can not afford to pay college expenses and may obtain such assistance at non-Catholic institutions.

ONCE A YEAR.

Considering that this alumni number of the *Bulletin* comes to you only *once a year,* do you not think that you can spare a few moments to see what it contains and how much you are interested? Even a cursory glance should induce you at least to keep it near you for frequent future reference. The "Plan of Organization" is particularly recommended to the reading and careful consideration of every graduate. (See page 6).

LOOK FOR YOUR NAME.

Every graduate of the college is urgently requested to examine closely the revised Directory of Graduates, which appears in this number of the *Bulletin,* and to inform the college officials or the editor of the *Bulletin* of any corrections which may be considered necessary. If each man will closely scrutinize at least the names of those of his own year, he may be able to fill some of the few blanks still remaining or give information of a change in some addresses. Class Representatives, particularly, are urged to interest themselves in this. Secretaries of the various branch associations are also requested to coöperate.

PLEASE ANSWER.

The secretaries of all the alumni clubs and associations complain of the same neglect which has been noted by those who have been compiling the Alumni Directory and the Decennial Record—"Graduates will not answer communications." We cannot keep in touch with you if you do not inform us of change of address and occupation.

ALUMNI HALL FUND.

The following statement of contributions from graduates to

the Alumni Hall Fund, from 1904 to January 1, 1914, tabulated according to years of Class graduation, will serve to give the information that has been very frequently sought by many interested in the fund.

With the view, therefore, of showing the record of donations from each Class per year, and in the total, together with the full amount contributed thus far by all the Classes, the present statement is submitted to your kind attention.

These figures clearly and unmistakably testify that there has been a remarkable manifestation of sincere and constant interest on the part of many of the Alumni in reducing the debt on Alumni Hall.

The present occasion seems a very suitable opportunity of giving expression to the deep sense of gratitude that Alma Mater feels towards all those who have so willingly come to her assistance, and she desires to tender her warmest thanks to those whose remembrance of her needs found its outward manifestation in so helpful a way.

But a still very pressing debt remains on Alumni Hall, and we kindly invite a more generous interest on the part of all the Alumni, asking that the contributions be continued until the entire debt has been completely wiped out.

The receipt of every contribution to the Alumni Hall Fund is immediately acknowledged. Should there be any who, after sending a contribution, do not receive an acknowledgment, they are requested to send in a notification at once.

NON-GRADUATE ALUMNI.

Graduates who will receive this *Bulletin* may know of some "old students" (not graduates) who would like to be assured that they are remembered by the College and by the alumni, and that closer relations with them are desired and could be secured if the college officials were kept informed of their occupation and location. A directory of non-graduate alumni has been in process of completion for some time, and information is solicited concerning the present residence and occupation of any old students (not graduates) who are not now in touch with the College.

* * *

When the Advisory Committee on Alumni Hall issued its report in 1905, attention was called to this class of old students in the following terms:

Realizing that the Alumni comprise not only those who have graduated, but all who have studied at Holy Cross, and that the same spirit of loyalty animates both graduate and non-graduate Alumni, the Advisory Committee sends this notification

to give you an opportunity of becoming interested in this important matter.

It has often been a matter of concern to the College authorities that the old students who did not graduate are not brought into closer touch with the rest of the Alumni. The Alumni Association has never excluded them from its membership. Why cannot they be present at the annual gathering of the association and on other occasions?

The Advisory Committee will certainly see to it that all who contribute to the Alumni Hall Fund will be specially recognized by being put on the list of those who receive invitations for the various Alumni gatherings.

Let us hope that Alumni Hall will be the means of cementing a closer friendship among ALL *Holy Cross Students, and between them and the College.*

LIST OF CONTRIBUTORS.

In connection with the circular issued by the Advisory Committee some years ago, a list of contributors was published which was intended *for private circulation only.* The permanent record referred to in that circular has been placed in one of the College corridors and it shows the contributors for ten years. This list is also printed on the last pages of this *Bulletin.*

It is hoped that this number of the *Bulletin* may serve as a stimulus to those who have not yet responded to "reminders," and that a large number of names may be added to the list before next Commencement.

LIST OF SURVIVORS.

For the convenience of class officers and all who may not find the alphabetical list in the Directory suitable for all purposes, a *chronological* list of *surviving* graduates will be found in this number of the *Bulletin* at the end of the Directory.

PLAN OF ORGANIZATION.

What is considered the most important advance movement made by the Alumni Association since its organization, was the submission and adoption of the following Report of the Executive Committee at the annual meeting, June 22, 1910.

Although a copy of this report was sent to every graduate, there seems to be a general desire to have it reprinted in this number of the *Bulletin.*

REPORT OF EXECUTIVE COMMITTEE OF THE ALUMNI ASSOCIATION, JUNE 22, 1910.

In accordance with a resolution passed at the last annual meeting of this association, referring to the Executive Committee various suggestions for increasing the efficiency of our organization, the following plan of action has been carefully prepared, considered and adopted, and the following steps have been taken to at least initiate its operation:

THE PLAN.

1. An auxiliary committee shall assist the Executive Committee in such ways as the latter shall designate.

2. This auxiliary committee shall consist of eighteen members, selected by the Executive Committee from graduates not holding office in the *general* association and representing the nine branch associations already formed.

3. The joint committee thus constituted shall be divided into three sub-committees, as follows:

a. On *Entertainment* and *Advertising.*

b. On *Federation, Statistics* and *coöperation with the College* officials.

c. On *New Members* and *New Students.*

NOTE.—It is evident to your committee that the desired increase in efficiency can not be secured without the aid of such an auxiliary committee as is proposed.

This committe should be so constituted as to contain a number of graduates who can be easily reached by those members of the Executive Committee who live in close proximity to the College, and at the same time it should be representative of all the branch associations.

Your Executive Committee now consists, not including the Honorary President, of seven members, namely: the President, two Vice-Presidents, the Secretary-Treasurer, and three additional members.

The joint committee now formed shall therefore consist of twenty-four members.

Each of the three sub-committees into which the joint committee is divided shall consist of eight members, two of whom shall be officers of the general association, one of whom shall act as chairman, and six representatives of branch associations—three holding office and three not holding office in the branch associations represented.

The following are the duties of the sub-committees:

DUTIES OF THE COMMITTEE ON ENTERTAINMENT AND ADVERTISING.

1. Coöperation with the twenty-five year class in arrangements for the annual Alumni Banquet at the College on the night before Commencement.

2. Coöperation with branch associations in arrangement of plans for attendance in a body at the general reunion, or for joint meetings of neighboring clubs.

3. The introduction of members to one another and to the College officials at all reunions, banquets, etc.

4. Provision for the reception of College teams when visiting other cities.

5. Advertising reunions and banquets in the daily papers and providing photographs of speakers and digests of addresses in advance of the occasion.

6. Gathering and collation of information, with the aid of College officials and of the Committee on Statistics, for an up-to-date account of attendance at the banquet, of business transacted, of the condition of the college and of the Alumni Association, in order that accurate information may be furnished to reporters.

NOTE.—The *purpose* of this committee is *closer* and *more cordial relations* and *more intimate acquaintance* with one another and with the College officials, and a *full* and *accurate presentation to the public* of our members, their position and their work.

DUTIES OF THE COMMITTEE ON FEDERATION, STATISTICS AND COÖPERATION WITH THE COLLEGE.

1. Coöperation with College officials in locating every Holy

Cross man who has passed out from the College and is doing creditable work anywhere.

2. Coöperation with the General Secretary and with local secretaries in keeping track of men who change occupation or address.

3. Compilation of statistics showing the growth of the College and of the Alumni Association; for instance:

a. Comparison of present student roll with that of twenty, thirty or fifty years ago.

b. Comparison of present annual graduates with those of twenty, thirty or fifty years ago.

c. Comparison of occupations of graduates, now and formerly.

d. Compilation of places represented on student roll and places not represented, for coöperation with Committee on New Students.

4. Coöperation with branch associations for purpose of closer federation and mutual aid—obtaining from each a list of graduates seeking positions and of places open to good men; selecting the best man for the available position and combining the influence of members and federated clubs to advance him.

5. Coöperation with College officials in swelling the ALUMNI HALL FUND—securing the names of those who have not yet contributed, ascertaining whether or not they can afford to do their share, and reminding those who can of this obligation which the graduates have willingly assumed. Many of the eight hundred who are not contributing might thus be reached and induced to help us in redeeming our promise.

DUTIES OF COMMITTEE ON NEW MEMBERS AND NEW STUDENTS.

1. Obtaining from the College, each year, the names and addresses of new graduates, their plans for post-graduate occupation, etc.

2. Invitation of new graduates to join in Alumni gatherings, general and local.

3. Notification to branch associations of new graduates in their vicinity, recommending that they be invited to membership of local clubs without charge the first year.

4. Closely following graduates during their first years, as they pass from professional schools to professions, frequently change address, and stand most in need of the helping hand of older graduates.

5. Coöperation with Committee on Federation for the placing or advancement of new members—in business, teaching, law, medicine, etc.

6. Collection of information about Catholic young men in various high schools—especially schools *not* represented on the college roll of students. Furnishing names and addresses to College Registrar, that he may furnish such students with *Bulletins,* etc. Enlisting the interest of local organizations for coöperation in securing new students.

7. Enlisting the interest of wealthy Catholics in the foundation of full or partial scholarships, in order that deserving and capable students may be able to take advantage of the education offered by the College.

8. Considering ways and means of providing at least some assistance for the large number of Catholic young men who can not afford to pay college expenses and may obtain such assistance at non-Catholic institutions.

ONCE A YEAR.

Considering that this alumni number of the *Bulletin* comes to you only *once a year,* do you not think that you can spare a few moments to see what it contains and how much you are interested? Even a cursory glance should induce you at least to keep it near you for frequent future reference. The "Plan of Organization" is particularly recommended to the reading and careful consideration of every graduate. (See Page 6.)

LOOK FOR YOUR NAME.

Every graduate of the college is urgently requested to examine closely the revised Directory of Graduates, which appears in this number of the *Bulletin,* and to inform the college officials or the editor of the *Bulletin* of any corrections which may be considered necessary. If each man will closely scrutinize at least the names of those of his own year, he may be able to fill some of the few blanks still remaining or give information of a change in some addresses. Class Representatives, particularly, are urged to interest themselves in this. Secretaries of the various branch associations are also requested to coöperate.

PLEASE ANSWER.

The secretaries of all the alumni clubs and associations complain of the same neglect which has been noted by those who have been compiling the Alumni Directory and the Decennial Record—"Graduates will not answer communications." We cannot keep in touch with you if you do not inform us of change of address and occupation.

ALUMNI HALL FUND.

The following statement of contributions from graduates to the Alumni Hall Fund, from 1904 to January 1, 1916, tabulated according to years of Class graduation, will serve to give the information that has been very frequently sought by many interested in the fund.

With the view, therefore, of showing the record of donations from each Class per year, and in the total, together with the full amount contributed thus far by all the Classes, the present statement is submitted to your kind attention.

These figures clearly and unmistakably testify that there has been a remarkable manifestation of sincere and constant interest on the part of many of the Alumni in reducing the debt on Alumni Hall.

The present occasion seems a very suitable opportunity of giving expression to the deep sense of gratitude that Alma Mater feels towards all those who have so willingly come to her assistance, and she desires to tender her warmest thanks to those whose remembrance of her needs found its outward manifestation in so helpful a way.

But a still very pressing debt remains on Alumni Hall, and we kindly invite a more generous interest on the part of all the Alumni, asking that the contributions be continued until the entire debt has been completely wiped out.

The receipt of every contribution to the Alumni Hall Fund is immediately acknowledged. Should there be any who, after sending a contribution, do not receive an acknowledgment, they are requested to send in a notification at once.

NON-GRADUATE ALUMNI.

Graduates who will receive this *Bulletin* may know of some "old students" (not graduates) who would like to be assured that they are remembered by the College and by the alumni, and that closer relations with them are desired and could be secured if the college officials were kept informed of their occupation and location. A directory of non-graduate alumni has been in process of completion for some time, and information is solicited concerning the present residence and occupation of any old students (not graduates) who are not now in touch with the College.

* * *

When the Advisory Committee on Alumni Hall issued its report in 1905, attention was called to this class of old students in the following terms:

Realizing that the Alumni comprise not only those who have graduated, but all who have studied at Holy Cross, and that the same spirit of loyalty animates both graduate and non-graduate Alumni, the Advisory Committee sends this notification

to give you an opportunity of becoming interested in this important matter.

It has often been a matter of concern to the College authorities that the old students who did not graduate are not brought into closer touch with the rest of the Alumni. The Alumni Association has never excluded them from its membership. Why cannot they be present at the annual gathering of the association and on other occasions?

The Advisory Committee will certainly see to it that all who contribute to the Alumni Hall Fund will be specially recognized by being put on the list of those who receive invitations for the various Alumni gatherings.

Let us hope that Alumni Hall will be the means of cementing a closer friendship among ALL *Holy Cross Students, and between them and the College.*

LIST OF CONTRIBUTORS.

In connection with the circular issued by the Advisory Committee some years ago, a list of contributors was published which was intended *for private circulation only.* The permanent record referred to in that circular has been placed in one of the College corridors and it shows the contributors for ten years. This list is also printed on the last pages of this *Bulletin.*

It is hoped that this number of the *Bulletin* may serve as a stimulus to those who have not yet responded to "reminders," and that a large number of names may be added to the list before next Commencement.

LIST OF SURVIVORS.

For the convenience of class officers and all who may not find the alphabetical list in the Directory suitable for all purposes, a *chronological* list of *surviving* graduates will be found in this number of the *Bulletin* at the end of the Directory.

PLAN OF ORGANIZATION.

What is considered the most important advance movement made by the Alumni Association since its organization, was the submission and adoption of the following Report of the Executive Committee at the annual meeting, June 22, 1910.

Although a copy of this report was sent to every graduate, there seems to be a general desire to have it reprinted in this number of the *Bulletin.*

REPORT OF EXECUTIVE COMMITTEE OF THE ALUMNI ASSOCIATION, JUNE 22, 1910.

In accordance with a resolution passed at the last annual meeting of this association, referring to the Executive Committee various suggestions for increasing the efficiency of our organization, the following plan of action has been carefully prepared, considered and adopted, and the following steps have been taken to at least initiate its operation:

THE PLAN.

1. An auxiliary committee shall assist the Executive Committee in such ways as the latter shall designate.

2. This auxiliary committee shall consists of eighteen members, selected by the Executive Committee from graduates not holding office in the *general* association and representing the nine branch associations already formed.

3. The joint committee thus constituted shall be divided into three sub-committees, as follows:

a. On *Entertainments* and *Advertising.*

b. On *Federation, Statistics* and *coöperation with the College* officials.

c. On *New Members* and *New Students.*

NOTE.—It is evident to your committee that the desired increase in efficiency can not be secured without the aid of such an auxiliary committee as is proposed.

This committee should be so constituted as to contain a number of graduates who can be easily reached by those members of the Executive Committee who live in close proximity to the College, and at the same time it should be representative of all the branch associations.

Your Executive Committee now consists, not including the Honorary President, of seven members, namely: the President, two Vice-Presidents, the Secretary-Treasurer, and three additional members.

The joint committee now formed shall therefore consist of twenty-four members.

Each of the three sub-committees into which the joint committee is divided shall consist of eight members, two of whom shall be officers of the general association, one of whom shall act as chairman, and six representatives of branch associations—three holding office and three not holding office in the branch associations represented.

The following are the duties of the sub-committees:

DUTIES OF THE COMMITTEE ON ENTERTAINMENT AND ADVERTISING.

1. Coöperation with the twenty-five year class in arrangements for the annual Alumni Banquet at the College on the night before Commencement.

2. Coöperation with branch associations in arrangement of plans for attendance in a body at the general reunion, or for joint meetings of neighboring clubs.

3. The introduction of members to one another and to the College officials at all reunions, banquets, etc.

4. Provision for the reception of College teams when visiting other cities.

5. Advertising reunions and banquets in the daily papers and providing photographs of speakers and digests of addresses in advance of the occasion.

6. Gathering and collation of information, with the aid of College officials and of the Committee on Statistics, for an up-to-date account of attendance at the banquet, of business transacted, of the condition of the college and of the Alumni Association, in order that accurate information may be furnished to reporters.

NOTE.—The *purpose* of this committee is *closer* and *more cordial relations* and *more intimate acquaintance* with one another and with the College officials, and a *full* and *accurate presentation to the public of* our members, their position and their work.

DUTIES OF THE COMMITTEE ON FEDERATION, STATISTICS AND COÖPERATION WITH THE COLLEGE.

1. Coöperation with College officials in locating every Holy Cross man who has passed out from the College and is doing creditable work anywhere.

2. Coöperation with the General Secretary and with local secretaries in keeping track of men who change occupation or address.

3. Compilation of statistics showing the growth of the College and of the Alumni Association; for instance:

a. Comparison of present student roll with that of twenty, thirty or fifty years ago.

b. Comparison of present annual graduates with those of twenty, thirty or fifty years ago.

c. Comparison of occupations of graduates, now and formerly.

d. Compilation of places represented on student roll and places not represented, for coöperation with Committee on New Students.

4. Coöperation with branch associations for purpose of closer federation and mutual aid—obtaining from each a list of graduates seeking positions and of places open to good men; selecting the best man for the available position and combining the influence of members and federated clubs to advance him.

5. Coöperation with College officials in swelling the ALUMNI HALL FUND—securing the names of those who have not yet contributed, ascertaining whether or not they can afford to do their share, and reminding those who can of this obligation which the graduates have willingly assumed. Many of the eight hundred who are not contributing might thus be reached and induced to help us in redeeming our promise.

DUTIES OF COMMITTEE ON NEW MEMBERS AND NEW STUDENTS.

1. Obtaining from the College, each year, the names and addresses of new graduates, their plans for post-graduate occupation, etc.

2. Invitation of new graduates to join in Alumni gatherings, general and local.

3. Notification to branch associations of new graduates in their vicinity, recommending that they be invited to membership of local clubs without charge the first year.

4. Closely following graduates during their first years, as they pass from professional schools to professions, frequently change address, and stand most in need of the helping hand of older graduates.

5. Coöperation with Committee on Federation for the placing or advancement of new members—in business, teaching, law, medicine, etc.

6. Collection of information about Catholic young men in various high schools—especially schools *not* represented on the college roll of students. Furnishing names and addresses to College Registrar, that he may furnish such students with *Bulletins,* etc. Enlisting the interest of local organizations for coöperation in securing new students.

7. Enlisting the interest of wealthy Catholics in the foundation of full or partial scholarships, in order that deserving and capable students may be able to take advantage of the education offered by the College.

8. Considering ways and means of providing at least some assistance for the large number of Catholic young men who can not afford to pay college expenses and may obtain such assistance at non-Catholic institutions.

NEW FEATURES

Your kind attention is directed in an especial manner to this number of the Alumni Bulletin, which contains many new features, in view of the Diamond Jubilee of the College, June, 1918.

The purpose of the present number of the *Bulletin* is to carry out the suggestions made and unanimously adopted by the Officers of the General Alumni Association at an executive meeting held January 27, 1917. Consequently you will find in the present issue:

(a) A list of Non-Graduates or "Ex-Men," whose names and addresses are known.

(b) A list of Missing Graduates whose addresses are unknown, and concerning whom information is desired.

(c) A short biographical sketch of each surviving member of the 25th year class and an obituary notice of the deceased members of this class.

It is hoped that this plan of securing data with regard to each succeeding 25th year class will, in time, afford much valuable information for the College archives and incidentally prove an interesting chapter in the history of the Alumni.

DIAMOND JUBILEE FUND

The plan for raising the Diamond Jubilee Fund, approved unanimously by the Officers of the General Alumni Association and already communicated to the secretary of each local Alumni Association, is herewith set forth for general information.

I.

(a) Each local Association should appoint a Diamond Jubilee Fund Committee to consist of five members.

(b) The duty of this Committee is to canvass the entire membership of their respective Association and to approach all persons well disposed towards the College.

(c) This Committee will have as able and active co-workers the members of the Committee of Five Hundred, who have already been requested to assist in every way possible in the immediate collection of the Jubilee Fund.

(d) The Chairman of the Jubilee Fund Committee will be furnished, on application to the General Secretary, a list of the names of the Committee of Five Hundred who reside in his locality.

(e) It is advised that this Committee meet every two weeks in conjunction with the local Secretary and report on progress made.

(f) All contributions are to be sent direct to the Treasurer of the Fund, Rev. John F. Lehy, S. J., Holy Cross College, Worcester, Mass.

II. Memorial Tablet

(a) Gifts to the Fund of One Thousand Dollars or more will constitute the givers *Benefactors,* and their names will be inscribed on memorial tablets in the new building.

(b) Gifts of One Hundred Dollars or more, up to One Thousand Dollars, will constitute the givers *Donors,* and their names will also be suitably commemorated.

III. Non-Affiliated Alumni

In order that all Holy Cross men residing in parts of the country where no local Holy Cross Club exists may be reached, it was decided that the General Secretary should appoint a representative in such centres to interview these men.

IV. Publicity

(a) The Secretary of each local Association will be regularly informed by the General Secretary of all items con-

cerning the Jubilee, and will receive from time to time copies of lists of donations received to date. He is requested to give as much publicity as possible to Holy Cross news through the local newspapers. Clippings of such published accounts should be forwarded to the General Secretary for filing.

(b) *The Purple* will open a new department in its pages entitled *Diamond Jubilee Notes.*

(c) A neat design of *Jubilee Sticker* has been prepared to be used as extensively as possible in correspondence by the College, Alumni and Students. These *stickers* may be had from the General Secretary on request and should be circulated widely through the various Associations, as each Alumnus can do much towards advertising the Jubilee.

The success of the Jubilee will depend in great measure upon the interest taken by the Alumni in this greatest event in the history of Alma Mater, and the very encouraging co-operation even thus early obtained, should stimulate every local organization to do its utmost in arousing the loyalty and devotion of all its members in the welfare of Holy Cross.

The General Secretary is most anxious to gladly assist you in all matters pertaining to the Jubilee and would gratefully welcome any suggestions or plans which might be thought helpful to the more efficient carrying on of the work and to the more effectual securing of the purpose of the Diamond Jubilee Celebration,—the further advancement of Holy Cross and her every interest.

DIAMOND JUBILEE CONTRIBUTIONS

You will find enclosed in your copy of the *Bulletin* the list of contributions to the Diamond Jubilee Fund thus far received.

In view of the fact that the local organizations of the Alumni have not as yet instituted a systematic campaign for the collecting of the Fund, the very cordial interest in the forthcoming event, as shown in the large number of donations on hand, assures a very substantial sum for the purposes of the Jubilee.

The list contains a number of generous friends who though

not directly affiliated with the College, have always cherished a sincere regard for Holy Cross, and have ever manifested a lively interest in her welfare. This fact alone should encourage all our Alumni to enter heartily into the plan of realizing the Jubilee Fund.

The many reports received from the different centres of the Alumni Associations give every evidence of a keen interest on the part of the sons of Holy Cross in this undertaking, and show a desire to co-operate in every way possible with their fellow Alumni in making this the most memorable event in the history of Alma Mater.

ALUMNI HALL FUND

The following statement of contributions to the Alumni Hall Fund from 1904 to January, 1917, tabulated according to years of class graduation, will serve to give the information that has been frequently sought by many interested in the Fund.

With the view, therefore, of showing the record of donations from each class per year and in the total, together with the full amount contributed thus far by all the classes, the present statement is submitted to your careful consideration.

A permanent record of contributions to the Alumni Hall Fund is placed in one of the College corridors and shows the contributors from 1904 to 1917. This list is also printed on the last pages of the *Bulletin.*

It is hoped that this number of the *Bulletin* may serve as a stimulus to those who have not as yet contributed to the Fund, and that a large number of names may be added to the list before next Commencement. For your convenience, a form of remittance is attached to the last page of the Directory.

LIST OF SURVIVORS

For the convenience of class officers and all who may not find the alphabetical list in the Directory suitable for all purposes, a chronological list of surviving graduates will be found in this number of the *Bulletin* at the end of the Directory.

ANNUAL ALUMNI DUES

A circular letter dated January 16th, 1917, was sent to the Graduates and Non-Graduates requesting the payment of one dollar for Annual Alumni Dues.

This plan of annual assessment was inaugurated by the Officers of the General Alumni Association at the June Meeting in 1915. The final results attendant upon the initial effort to make general the payment of the Annual Dues were very satisfactory.

The returns for the present year, however, do not show an increase over the amount contributed last year, and the attention of the Alumni is hereby directed to the assistance that can in this way be afforded to the work contemplated by the General Alumni Association.

PLAN OF ORGANIZATION.

What is considered the most important advance movement made by the Alumni Association since its organization, was the submission and adoption of the following Report of the Executive Committee at the annual meeting, June 22, 1910.

Although a copy of this report was sent to every graduate, there seems to be a general desire to have it reprinted in this number of the *Bulletin.*

REPORT OF EXECUTIVE COMMITTEE OF THE ALUMNI ASSOCIATION, JUNE 22, 1910.

In accordance with a resolution passed at the last Annual meeting of this Association, referring to the Executive Committee various suggestions for increasing the efficiency of our organization, the following plan of action has been carefully prepared, considered and adopted, and the following steps have been taken to at least initiate its operation:

THE PLAN.

1. An auxiliary committee shall assist the Executive Committee in such ways as the latter shall designate.

2. This auxiliary committee shall consist of eighteen members, selected by the Executive Committee from graduates not holding office in the *General* Association and representing the nine branch associations already formed.

3. The joint committee thus constituted shall be divided into three sub-committees, as follows:

a. On *Entertainments* and *Advertising.*

b. On *Federation, Statistics* and *coöperation with the College* officials.

c. On *New Members* and *New Students.*

NOTE.—It is evident to your committee that the desired increase in efficiency can not be secured without the aid of such an auxiliary committee as is proposed.

This committee should be so constituted as to contain a number of graduates who can be easily reached by those members of the Executive Committee who live in close proximity to the College, and at the same time it should be representative of all the branch associations.

Your Executive Committee now consists, not including the Honorary President, of seven members, namely: the President, two Vice-Presidents, the Secretary-Treasurer, and three additional members.

The joint committee now formed shall therefore consist of twenty-four members.

Each of the three sub-committees into which the joint committee is divided shall consist of eight members, two of whom shall be officers of the general association, one of whom shall act as chairman, and six representatives of branch associations—three holding office and three not holding office in the branch associations represented.

The following are the duties of the sub-committees:

DUTIES OF THE COMMITTEE ON ENTERTAINMENT AND ADVERTISING.

1. Coöperation with the twenty-five year class in arrangements for the annual Alumni Banquet at the College on the night before Commencement.

2. Coöperation with branch associations in arrangement of plans for attendance in a body at the General Reunion, or for joint meetings of neighboring clubs.

3. The introduction of members to one another and to the College officials at all reunions, banquets, etc.

4. Provision for the reception of College teams when visiting other cities.

5. Advertising reunions and banquets in the daily papers and providing photographs of speakers and digests of addresses in advance of the occasion.

6. Gathering and collation of information, with the aid of College officials and of the Committee on Statistics, for an up-to-date account of attendance at the banquet, of business transacted, of the condition of the College and of the Alumni Association, in order that accurate information may be furnished to reporters.

NOTE.—The *purpose* of this committee is *closer* and *more cordial relations* and *more intimate acquaintance* with one another and with the College officials, and a *full* and *accurate presentation to the public of* our members, their position and their work.

DUTIES OF THE COMMITTEE ON FEDERATION, STATISTICS AND COÖPERATION WITH THE COLLEGE.

1. Coöperation with College officials in locating every Holy Cross man who has passed out from the College and is doing creditable work anywhere.

2. Coöperation with the General Secretary and with local secretaries in keeping track of men who change occupation or address.

3. Compilation of statistics showing the growth of the College and of the Alumni Association; for instance:

a. Comparison of present student roll with that of twenty, thirty or fifty years ago.

b. Comparison of present annual graduates with those of twenty, thirty or fifty years ago.

c. Comparison of occupations of graduates, now and formerly.

d. Compilation of places represented on student roll and places not represented, for coöperation with Committee on New Students.

4. Coöperation with branch associations for purpose of closer federation and mutual aid—obtaining from each a list of graduates seeking positions and of places open to good men; selecting the best man for the available position and combining the influence of members and federated clubs to advance him.

5. Coöperation with College officials in swelling the ALUMNI HALL FUND—securing the names of those who have not yet contributed, ascertaining whether or not they can afford to do their share, and reminding those who can of this obligation which the graduates have willingly assumed. Many of the eight hundred who are not contributing might thus be reached and induced to help us in redeeming our promise.

DUTIES OF COMMITTEE ON NEW MEMBERS AND NEW STUDENTS.

1. Obtaining from the College, each year, the names and addresses of new graduates, their plans for post-graduate occupation, etc.

2. Invitation of new graduates to join in Alumni gatherings, general and local.

3. Notification to branch associations of new graduates in their vicinity, recommending that they be invited to membership of local clubs without charge the first year.

4. Closely following graduates during their first years, as they pass from professional schools to professions, frequently change address, and stand most in need of the helping hand of older graduates.

5. Coöperation with Committee on Federation for the placing or advancement of new members—in business, teaching, law, medicine, etc.

6. Collection of information about Catholic young men in various high schools—especially schools *not* represented on the college roll of students. Furnishing names and addresses to College Registrar, that he may furnish such students with *Bulletins,* etc. Enlisting the interest of local organizations for coöperation in securing new students.

7. Enlisting the interest of wealthy Catholics in the foundation of full or partial scholarships, in order that deserving and capable students may be able to take advantage of the education offered by the College.

8. Considering ways and means of providing at least some assistance for the large number of Catholic young men who can not afford to pay college expenses and may obtain such assistance at non-Catholic institutions.

DIRECTORY OF NON-GRADUATES

The appended list of Non-Graduate Alumni whose addresses are known is unfortunately very incomplete, but inasmuch as repeated requests for information failed to receive attention, a fuller compilation is therefore at present impossible.

You can, however, very greatly assist the work in sending to John F. Gannon, '96, the General Secretary of the Alumni Association, any knowledge you may possess relative to your former classmates, whose names do not appear in this Directory.

No better occasion than the Diamond Jubilee of the College could be desired in which to bring the Non-Graduate sons in closer relationship with Alma Mater and their Graduate brethren.

Your earnest co-operation in the success of this new departure is cordially asked and would be gratefully appreciated.

Holy Cross College Bulletin

Vol. XVIII. WORCESTER, MASS., APRIL, 1918 No. 3

FOREWORD

The Alumni Bulletin contains much that is of interest to the Holy Cross Alumni, especially in view of the fact that this is the Diamond Jubilee Year of the College.

DIAMOND JUBILEE

Holy Cross College was founded in 1843. The corner-stone of the first College building was laid by Right Reverend Benedict Joseph Fenwick, D. D., second Bishop of Boston, on Wednesday, June 21st, 1843.

The Rev. James Fitton, of Boston, in 1838 had purchased sixty acres of land on Pakachoag, "Hill of Pleasant Springs," and established "The Seminary of Mt. St. James" on the site. Fr. Fitton presented his property and the "Seminary" building to Bishop Fenwick in 1842.

At once the Bishop began his plans of erecting upon this suitable hill an institution of higher learning—a project that had been a long-cherished desire of his heart.

Father Thomas F. Mulledy, S. J., took up his abode in the cottage at the foot of the hill—as first President of Holy Cross College, on September 28th, 1843.

The first student to enter the College was Edward Scott, of Ireland, age fourteen years, who presented himself for admission on October 28th, 1843.

The formal opening of classes took place on November 2nd, 1843, in the "Seminary" building, and on January 13th following, the little community moved into the new building. There were at that time three Jesuit Fathers: Rev. Thomas F. Mulledy, Rector; Rev. James Power, First Prefect and Professor of Mathematics, and Rev. Joseph Balfe, Spiritual Father and Teacher of First Class in Latin and Greek; three Lay Brothers, John Gavin, George Kuhn and Michael McElroy,

together with three lay-teachers, Joseph O'Callaghan, Teacher of Second Class in Latin, English and French, James McGuighan, Teacher of Elementary Class, and James Fitton, Assistant Prefect and Teacher of First Arithmetic Class. The students numbered eighteen.

These few facts drawn from its early history will serve to show the humble beginnings of the College and recall events that are interesting to all friends and alumni of Holy Cross.

Postponement of Jubilee Celebration

It has been definitely decided by the Faculty and the Alumni to postpone the proper celebration of the Diamond Jubilee of the College till more peaceful times will warrant the holding of such a noteworthy and joyful anniversary.

An elaborate program of festivities had been outlined and immediate preparations were under way when the declaration of war came and the authorities of the College considered it more in keeping with the spirit of the country to defer the celebration of an occasion which should not be marred by war conditions and in which as many of her sons as possible should be free to participate.

The Diamond Jubilee year will lose none of its significance by reason of this delayed observance and on all sides the Faculty have received heartiest commendation from the Alumni for this action which so intensely appeals to the feeling that all smaller interests should give way in presence of the great issue of the war.

Moreover the occasion of the Diamond Jubilee is such that it should be celebrated in a way worthy of Holy Cross and of course such extensive ceremonies are quite impossible at this juncture.

Alma Mater therefore, knows how to forget her own concerns for the one vital cause of the hour and she will abide her time of calling her sons to observe the day that marks an epoch-making event in her history.

Diamond Jubilee Fund

The amount thus far actually contributed by the Alumni and friends to the Diamond Jubilee Fund of the College totals $47,312.90.

While this sum is at present not as large as the amount the Reverend President of the General Alumni Association had hoped to realize for the Jubilee in his circulars and addresses to the Alumni gatherings—still there is a steady and lively interest manifested by all the well-wishers of Holy Cross as is evidenced by the many contributions that have come to hand.

Jubilee Fund and Liberty Bonds

A very acceptable form of donation to the Fund is in the purchase of Liberty Bonds made payable to the College. This medium of contribution is a most commendable one, since it tends directly to serve a patriotic purpose and at the same time benefits the College very substantially. Many gifts to the Fund have been made in this helpful way.

The Purple contains each month the complete list of the contributors to date.

Plans for Raising Diamond Jubilee Fund

The "Jubilee Drive," which had been planned by the Officers of the General Alumni Association is, for the present, held in abeyance, in view of the present need of the country for funds to carry on the war and war-activities. Undoubtedly this condition has affected markedly the general total of the Fund, but whatever makes for the increase of the Government's revenue in the pressing needs of the times, must commend itself to the hearty endorsement and co-operation of the College.

However, that the Alumni may keep in mind for future reference and guidance the plans as outlined by the Board of Officers of the General Alumni in the conduct of the Jubilee Drive—we subjoin them in the hope that the time may not be far distant when they can be put into effective operation.

I. Organization

(a) Each local Association should appoint a Diamond Jubilee Fund Committee to consist of five members.

(b) The duty of this Committee is to canvass the entire membership of their respective Association and to approach all persons well disposed towards the College.

(c) This Committee will have as able and active co-workers the members of the Committee of Five Hundred, who have already been requested to assist in every way possible in the immediate collection of the Jubilee Fund.

(d) The Chairman of the Jubilee Fund Committee will be furnished, upon application to the General Secretary, a list of the names of the Committee of Five Hundred who reside in his locality.

(e) It is advised that this Committee meet every two weeks in conjunction with the local Secretary and report on progress made.

(f) All contributions are to be sent direct to the Treasurer of the Fund, Rev. John F. Lehy, S. J., Holy Cross College, Worcester, Mass.

II. Memorial Tablet

(a) Gifts to the Fund of One Thousand Dollars or more will constitute the givers *Benefactors,* and their names will be inscribed on memorial tablets in the new building.

(b) Gifts of One Hundred Dollars or more, up to One Thousand Dollars, will constitute the givers *Donors,* and their names will also be suitably commemorated.

III. Non-Affiliated Alumni

In order that all Holy Cross men residing in parts of the country where no local Holy Cross Club exists may be reached, it was decided that the General Secretary should appoint a representative in such centres to interview these men.

IV. Publicity

(a) The Secretary of each local Association will be regularly informed by the General Secretary of all items concerning the Jubilee, and will receive from time to time copies of lists of donations received to date. He is requested to give as much publicity as possible to Holy Cross news through the local newspapers. Clippings of such published accounts should be forwarded to the General Secretary for filing.

(b) *The Purple* will open a new department in its pages entitled *Diamond Jubilee Notes.*

(c) A neat design of *Jubilee Sticker* has been prepared to be used as extensively as possible in correspondence by the College, Alumni and Students. These *stickers* may be had from the General Secretary on request and should be circulated widely through the various Associations, as each Alumnus can do much towards advertising the Jubilee.

The success of the Jubilee will depend in great measure upon the interest taken by the Alumni in this greatest event in the history of Alma Mater, and the very encouraging co-operation even thus early obtained, should stimulate every local organization to do its utmost in arousing the loyalty and devotion of all its members in the welfare of Holy Cross.

The General Secretary is most anxious to gladly assist you in all matters pertaining to the Jubilee and would gratefully welcome any suggestions or plans which might be thought helpful to the more efficient carrying on of the work and to the more effectual securing of the purpose of the Diamond Jubilee Celebration,—the further advancement of Holy Cross and her every interest.

ALUMNI WITH THE COLORS

In the present issue of the Bulletin we publish a list of our Alumni who have entered the service of our country. It was thought advisable to reprint the roster of our soldiers and sailors, for the benefit of those who may not be aware of the splendid representation Holy Cross has sent to the Colors.

Any information of Alumni in Service, whose names do not appear on this list will be gladly welcomed by the Secretary.

The June Purple will be an Army and Navy number, containing photos of Holy Cross men—in whatever branch of service they are engaged. Kindly send at once to the Editor of *The Purple* any snapshots or photographs of Holy Cross men you may have on hand. We wish to make the collection as complete as possible. It will be a valuable war-souvenir.

OUR SERVICE FLAG

At the outbreak of the war a large Service Flag of some two hundred stars was suspended in the main corridor of the O'Kane Building—but today our Service Flag contains over four hundred and twenty-five stars.

Four of the stars are golden stars—to commemorate the supreme sacrifice made by four Holy Cross men:

Lieut. E. Leland Mooney, '13, Medical Corps, France

Corp. Timothy J. Daley, '17, Infantry, Camp Devens, Ayer, Mass.

Priv. Edward J. Walsh, ex-'15, Aviation, San Antonio, Texas

John C. Gagnier, ex-'17, Seaman, U. S. N., Gibralta.

ALUMNI HALL FUND

The statement of contributions to the Alumni Hall Fund from 1904 to January, 1918, tabulated according to years of class graduation, will serve to give the information that has been frequently sought by many interested in the Fund.

With the view, therefore, of showing the record of donations from each class per year and in the total, together with the full amount contributed thus far by all the classes, the present statement is submitted to your careful consideration.

A permanent record of contributions to the Alumni Hall Fund is placed in one of the College corridors and shows the contributors from 1904 to 1918. This list is also printed on the last pages of the *Bulletin.*

It is hoped that this number of the *Bulletin* may serve as a stimulus to those who have not as yet contributed to the Fund, and that a large number of names may be added to the list before next Commencement. For your convenience, a form of remittance is attached to the last page of the Directory.

ANNUAL ALUMNI DUES

A circular was sent to the Graduates and Non-Graduates requesting the payment of one dollar for Annual Alumni Dues.

This plan of annual assessment was inaugurated by the Officers of the General Alumni Association at the June Meeting in 1915. The final results attendant upon the initial effort to make general the payment of the Annual Dues were very satisfactory.

The returns for the present year, however, do not show a very substantial increase over the amount contributed last year, and the attention of the Alumni is hereby directed to the assistance that can in this way be afforded to the work contemplated by the General Alumni Association.

LIST OF SURVIVORS

For the convenience of class officers and all who may not find the alphabetical list in the Directory suitable for all purposes, a chronological list of surviving graduates will be found in this number of the *Bulletin* at the end of the Directory.

PLAN OF ORGANIZATION.

What is considered the most important advance movement made by the Alumni Association since its organization, was the submission and adoption of the following Report of the Executive Committee at the annual meeting, June 22, 1910.

Although a copy of this report was sent to every graduate, there seems to be a general desire to have it reprinted in this number of the *Bulletin.*

REPORT OF EXECUTIVE COMMITTEE OF THE ALUMNI ASSOCIATION, JUNE 22, 1910.

In accordance with a resolution passed at the last Annual meeting of this Association, referring to the Executive Committee various suggestions for increasing the efficiency of our organization, the following plan of action has been carefully prepared, considered and adopted, and the following steps have been taken to at least initiate its operation:

THE PLAN.

1. An auxiliary committee shall assist the Executive Committee in such ways as the latter shall designate.

2. This auxiliary committee shall consist of eighteen members, selected by the Executive Committee from graduates not holding office in the *General* Association and representing the nine branch associations already formed.

3. The joint committee thus constituted shall be divided into three sub-committees, as follows:

a. On *Entertainments* and *Advertising.*

b. On *Federation, Statistics* and *coöperation with the College* officials.

c. On *New Members* and *New Students.*

NOTE.—It is evident to your committee that the desired increase in efficiency can not be secured without the aid of such an auxiliary committee as is proposed.

This committee should be so constituted as to contain a number of graduates who can be easily reached by those members of the Executive Committee who live in close proximity to the College, and at the same time it should be representative of all the branch associations.

Your Executive Committee now consists, not including the Honorary President, of seven members, namely: the President, two Vice-Presidents, the Secretary-Treasurer, and three additional members.

The joint committee now formed shall therefore consist of twenty-four members.

Each of the three sub-committees into which the joint committee is divided shall consist of eight members, two of whom shall be officers of the general association, one of whom shall act as chairman, and six representatives of branch associations—three holding office and three not holding office in the branch associations represented.

The following are the duties of the sub-committees:

DUTIES OF THE COMMITTEE ON ENTERTAINMENT AND ADVERTISING.

1. Coöperation with the twenty-five year class in arrangements for the annual Alumni Banquet at the College on the night before Commencement.

2. Coöperation with branch associations in arrangement of plans for attendance in a body at the General Reunion, or for joint meetings of neighboring clubs.

3. The introduction of members to one another and to the College officials at all reunions, banquets, etc.

4. Provision for the reception of College teams when visiting other cities.

5. Advertising reunions and banquets in the daily papers and providing photographs of speakers and digests of addresses in advance of the occasion.

6. Gathering and collation of information, with the aid of College officials and of the Committee on Statistics, for an up-to-date account of attendance at the banquet, of business transacted, of the condition of the College and of the Alumni Association, in order that accurate information may be furnished to reporters.

NOTE.—The *purpose* of this committee is *closer* and *more cordial relations* and *more intimate acquaintance* with one another and with the College officials, and a *full* and *accurate presentation to the public of* our members, their position and their work.

DUTIES OF THE COMMITTEE ON FEDERATION, STATISTICS AND COÖPERATION WITH THE COLLEGE.

1. Coöperation with College officials in locating every Holy Cross man who has passed out from the College and is doing creditable work anywhere.

2. Coöperation with the General Secretary and with local secretaries in keeping track of men who change occupation or address.

3. Compilation of statistics showing the growth of the College and of the Alumni Association; for instance:

a. Comparison of present student roll with that of twenty, thirty or fifty years ago.

b. Comparison of present annual graduates with those of twenty, thirty or fifty years ago.

c. Comparison of occupations of graduates, now and formerly.

d. Compilation of places represented on student roll and places not represented, for coöperation with Committee on New Students.

4. Coöperation with branch associations for purpose of closer federation and mutual aid—obtaining from each a list of graduates seeking positions and of places open to good men; selecting the best man for the available position and combining the influence of members and federated clubs to advance him.

5. Coöperation with College officials in swelling the ALUMNI HALL FUND—securing the names of those who have not yet contributed, ascertaining whether or not they can afford to do their share, and reminding those who can of this obligation which the graduates have willingly assumed. Many of the eight hundred who are not contributing might thus be reached and induced to help us in redeeming our promise.

DUTIES OF COMMITTEE ON NEW MEMBERS AND NEW STUDENTS

1. Obtaining from the College, each year, the names and addresses of new graduates, their plans for post-graduate occupation, etc.

2. Invitation of new graduates to join in Alumni gathings, general and local.

3. Notification to branch associations of new graduates in their vicinity, recommending that they be invited to membership of local clubs without charge the first year.

4. Closely following graduates during their first years, as they pass from professional schools to professions, frequently change address, and stand most in need of the helping hand of older graduates.

5. Coöperation with Committee on Federation for the placing or advancement of new members—in business, teaching, law, medicine, etc.

6. Collection of information about Catholic young men in various high schools—especially schools *not* represented on the college roll of students. Furnishing names and addresses to College Registrar, that he may furnish such students with *Bulletins,* etc. Enlisting the interest of local organizations for coöperation in securing new students.

7. Enlisting the interest of wealthy Catholics in the foundation of full or partial scholarships, in order that deserving and capable students may be able to take advantage of the education offered by the College.

8. Considering ways and means of providing at least some assistance for the large number of Catholic young men who can not afford to pay college expenses and may obtain such assistance at non-Catholic institutions.

After having examined closely this revised Directory of Graduates every Graduate is urgently requested to inform the College officials or the General Secretary of the Alumni, of any corrections desired.

If each man will closely scrutinize, at least the names of those of his own year, he may be able to fill in some of the few blanks still remaining, or give information of any changes in occupation and address.

achusetts. His administration was noted for its progressive and humanitarian accomplishments. He revised and improved the Workmen's Compensation Law which substantially increased payments made to working people and their families through incapacitation or death resulting from accidents while engaged in the performance of their employment. He established for the first time in any state Free Correspondence Schools and University Extension Courses under state management and direction, independent of any university management. He reorganized the State Board of Health and made it one of the most efficient health organizations in the world. He vetoed railroad legislation seeking to legalize stock watering, and demanded a reorganization of the railroads in New England in the interest of the public weal. Governor Walsh is in constant demand as a public speaker and has spoken in all parts of the country on various public occasions.

DIRECTORY OF NON-GRADUATES

The appended list of Non-Graduate Alumni whose addresses are known is unfortunately very incomplete, but inasmuch as repeated requests for information failed to receive attention, a fuller compilation is therefore at present impossible.

You can, however, very greatly assist the work in sending to John F. Gannon, '96, the General Secretary of the Alumni Association, any knowledge you may possess relative to your former classmates, whose names do not appear in this Directory.

No better occasion than the Diamond Jubilee of the College could be desired in which to bring the Non-Graduate sons in closer relationship with Alma Mater and their Graduate brethren.

Your earnest co-operation in the success of this new departure is cordially asked and would be gratefully appreciated.

Holy Cross College Bulletin

Vol. XIX. WORCESTER, MASS., APRIL, 1919. No. 2

FOREWORD

The purpose of the Alumni Bulletin is to afford a medium through which College affairs that are of interest to the Alumni may be brought to their attention.

DIAMOND JUBILEE CELEBRATION

It had been the intention of the Faculty and Alumni before our entrance into the war to have a fitting celebration at the June commencement of last year of the seventy-fifth anniversary of the College's foundation. But it was decided "to postpone the proper celebration of the Diamond Jubilee of the College till more peaceful times will warrant the holding of such a noteworthy and joyful anniversary."

When the plans for the celebration were again taken up for consideration this year, it was the opinion of many of the Alumni that, as the proper time for the celebration had passed, the enthusiasm and spirit that are necessary to carry through such a celebration would be lacking and that some fitting occasion should be awaited to bring together the Alumni and friends of the College for a celebration that would be worthy of the College and its traditions. Such an occasion seems to be in sight in the dedication of our new Memorial Chapel.

MEMORIAL CHAPEL

At a recent meeting of the Alumni a suggestion was made and enthusiastically approved of erecting a memorial chapel in honor of Alma Mater's brave and noble sons who made the supreme sacrifice of their lives in their country's cause. This proposal is particularly timely, because a larger chapel is the chief desideratum at present. Besides, all concede that we should not allow our heroes to go unhonored, and everyone must admit that the most appropriate memorial of our dead is a

chapel where a clean oblation will be offered daily for the repose of their souls and where generations of future students will be inspired to noble deeds.

MEMORIAL CHAPEL FUND

Letters were sent to the Alumni inviting suggestions as to the advisability of combining the Diamond Jubilee Fund and the Memorial Chapel Fund. A large number of favorable and encouraging answers was received, all approving the plan proposed. The amount actually contributed for the Diamond Jubilee Fund at the time the Alumni Bulletin was published a year ago was $47,312.90. This has increased during the past year to $63,697.53, while actual contributions to the amount of $3,680.00 have been already received for the Memorial Chapel. A letter of appeal has been sent to Alumni and non-graduates and we are confident from the enthusiastic spirit with which the suggestion of a Memorial Chapel has been received, that we shall soon be in a position to erect to the memory of the sons of Holy Cross, who served, suffered and died, in the service of their country, a monument that will be worthy both of those commemorated and of those who in their generosity have made this memorial possible.

LIST OF CONTRIBUTORS TO JUBILEE FUND

Last year a list of the contributors to the Diamond Jubilee Fund was inserted in the Alumni Bulletin. This list will be republished later together with the names of recent contributors to both the Jubilee Fund and the Memorial Chapel Fund.

It was stated in last year's Alumni Bulletin that:

(a) Gifts to the Fund of One Thousand Dollars or more will constitute the givers *Benefactors,* and their names will be inscribed on memorial tablets in the new building;

(b) Gifts of One Hundred Dollars or more, up to One Thousand dollars, will constitute the givers *Donors,* and their names will also be suitably commemorated.

This plan will be carried out also in regard to contributors to the Memorial Chapel Fund.

ALUMNI HALL FUND

The statement of contributions to the Alumni Hall Fund from 1904 to January, 1919, tabulated according to years of class graduation, will serve to give the information that has been frequently sought by many interested in the Fund.

With the view, therefore, of showing the record of donations from each class per year and in the total, together with the full amount contributed thus far by all the classes, the present statement is submitted to your careful consideration.

It is hoped that this number of the Bulletin may serve as a stimulus to those who have not as yet contributed to the Fund, and that a large number of names may be added to the list before next Commencement.

ANNUAL ALUMNI DUES

A circular was sent to the Graduates and Non-Graduates requesting the payment of one dollar for annual Alumni dues.

This plan of annual assessment was inaugurated by the Officers of the General Alumni Association at the June meeting in 1915. The final results attendant upon the initial effort to make general the payment of the Annual Dues were very satisfactory.

ROLL OF HONOR

It is desired that the names of all Holy Cross men, who have been in service during the World War, should be on record at the College for the abiding honor of these men and for the inspiration of future ages. A list compiled after considerable difficulty is published in this number of the Alumni Bulletin. In order that a complete and correct list may be had eventually, we would urge the Alumni to examine the list and to report to the Secretary omissions or corrections.

PLAN OF ORGANIZATION

What is considered the most important advance movement made by the Alumni Association since its organization, was the submission and adoption of the following Report of the Executive Committee at the annual meeting, June 22, 1910.

Although a copy of this report was sent to every graduate, there seems to be a general desire to have it reprinted in this number of the *Bulletin.*

REPORT OF EXECUTIVE COMMITTEE OF THE ALUMNI ASSOCIATION, JUNE 22, 1910.

In accordance with a resolution passed at the last Annual meeting of this Association, referring to the Executive Committee various suggestions for increasing the efficiency of our organization, the following plan of action has been carefully prepared, considered and adopted, and the following steps have been taken to at least initiate its operation:

THE PLAN.

1. An auxiliary committee shall assist the Executive Committee in such ways as the latter shall designate.

2. This auxiliary committee shall consist of eighteen members, selected by the Executive Committee from graduates not holding office in the *General* Association and representing the nine branch associations already formed.

3. The joint committee thus constituted shall be divided into three sub-committees, as follows:

a. On *Entertainments* and *Advertising.*

b. On *Federation, Statistics* and *co-operation with the College* officials.

c. On *New Members* and *New Students.*

NOTE.—It is evident to your committee that the desired increase in efficiency can not be secured without the aid of such an auxiliary committee as is proposed.

This committee should be so constituted as to contain a number of graduates who can be easily reached by those members of the Executive Committee who live in close proximity to the College, and at the same time it should be representative of all the branch associations.

Your Executive Committee now consists, not including the Honorary President, of seven members, namely: the President, two Vice-Presidents, the Secretary-Treasurer, and three additional members.

The joint committee now formed shall therefore consist of twenty-four members.

Each of the three sub-committees into which the joint committee is divided shall consist of eight members, two of whom shall be officers of the general association, one of whom shall act as chairman, and six representatives of branch associations—three holding office and three not holding office in the branch associations represented.

The following are the duties of the sub-committees:

DUTIES OF THE COMMITTEE ON ENTERTAINMENT AND ADVERTISING

1. Co-operation with the twenty-five year class in arrangements for the annual Alumni Banquet at the College on the night before Commencement.

2. Co-operation with branch associations in arrangement of plans for attendance in a body at the General Reunion, or for joint meetings of neighboring clubs.

3. The introduction of members to one another and to the College officials at all reunions, banquets, etc.

4. Provision for the reception of College teams when visiting other cities.

5. Advertising reunions and banquets in the daily papers and providing photographs of speakers and digests of addresses in advance of the occasion.

6. Gathering and collation of information, with the aid of College officials and of the Committee on Statistics, for an up-to-date account of attendance at the banquet, of business transacted, of the condition of the College and of the Alumni Association, in order that accurate information may be furnished to reporters.

NOTE.—The *purpose* of this committee is *closer* and *more cordial relations* and *more intimate acquaintance* with one another and with the College officials, and a *full* and *accurate presentation to the public of* our members, their position and their work.

DUTIES OF THE COMMITTEE ON FEDERATION, STATISTICS AND CO-OPERATION WITH THE COLLEGE

1. Co-operation with College officials in locating every Holy Cross man who has passed out from the College and is doing creditable work anywhere.

2. Co-operation with the General Secretary and with local secretaries in keeping track of men who change occupation or address.

3. Compilation of statistics showing the growth of the College and of the Alumni Association; for instance:

a. Comparison of present student roll with that of twenty, thirty or fifty years ago.

b. Comparison of present annual graduates with those of twenty, thirty or fifty years ago.

c. Comparison of occupations of graduates, now and formerly.

d. Compilation of places represented on student roll and places not represented, for co-operation with Committee on New Students.

4. Co-operation with branch associations for purpose of closer federation and mutual aid—obtaining from each a list of graduates seeking positions and of places open to good men; selecting the best man for the available position and combining the influence of members and federated clubs to advance him.

5. Co-operation with College officials in swelling the ALUMNI HALL FUND—securing the names of those who have not yet contributed, ascertaining whether or not they can afford to do their share, and reminding those who can of this obligation which the graduates have willingly assumed. Many of the eight hundred who are not contributing might thus be reached and induced to help us in redeeming our promise.

DUTIES OF COMMITTEE ON NEW MEMBERS AND NEW STUDENTS

1. Obtaining from the College, each year, the names and addresses of new graduates, their plans for post-graduate occupation, etc.

2. Invitation of new graduates to join in Alumni gatherings, general and local.

3. Notification to branch associations of new graduates in their vicinity, recommending that they be invited to membership of local clubs without charge the first year.

4. Closely following graduates during their first years, as they pass from professional schools to professions, frequently change address, and stand most in need of the helping hand of older graduates.

5. Co-operation with Committee on Federation for the placing or advancement of new members—in business, teaching, law, medicine, etc.

6. Collection of information about Catholic young men in various high schools—especially schools *not* represented on the college roll of students. Furnishing names and addresses to College Registrar, that he may furnish such students with *Bulletins*, etc. Enlisting the interest of local organizations for co-operation in securing new students.

7. Enlisting the interest of wealthy Catholics in the foundation of full or partial scholarships, in order that deserving and capable students may be able to take advantage of the education offered by the College.

8. Considering ways and means of providing at least some assistance for the large number of Catholic young men who can not afford to pay college expenses and may obtain such assistance at non-Catholic institutions.

REUNIONS

Alumni reunions were discontinued last year on account of the war.

It is hoped that all the associations will resume their meetings during the coming year.

The general association will meet, as usual, at the college on Tuesday, June 24, 1919, the day before Commencement.

Reunions will be held on that day by the classes of '94, '09, and '14.

There will be a memorial Mass on the morning of Commencement Day at 9 o'clock for deceased Alumni.

The officers for this year in the general and local associations will be found on the following pages.

After having examined closely this revised Directory of Graduates every Graduate is urgently requested to inform the College officials or the General Secretary of the Alumni of any corrections desired.

If each man will closely scrutinize, at least the names of those of his own year, he may be able to fill in some of the few blanks still remaining, or give information of any changes in occupation and address.

DIRECTORY OF NON-GRADUATES

The appended list of Non-Graduate Alumni whose addresses are known is unfortunately very incomplete, but inasmuch as repeated requests for information failed to receive attention, a fuller compilation is therefore at present impossible.

You can, however, very greatly assist the work in sending to John F. Gannon, '96, the General Secretary of the Alumni Association, any knowledge you may possess relative to your former classmates, whose names do not appear in this Directory.

Your earnest co-operation in the success of this new departure is cordially asked and would be gratefully appreciated.
